volume War and Other Essays and they accordingly equipped that volume with a bibliography which was as complete as they then could make it But when later on other materials came to be known about and especially after the discovery of a number of unpublished manuscripts the encouraging reception accorded to the first venture led us to publish a second and then a third collection Earth Hunger and Other Essays and The Challenge of Facts and Other Essays It was during the preparation of the latter of these now some five years ago that the late Professor Callender deplored to the editor the omission of certain of Sumner s essays in political economy in particular those dealing with free trade and sound money And the reviewers of preceding collections had reminded us rightly enough that there should be a fuller bibliography and also an index covering all the essays In this last volume we have striven to meet these several suggestions and criticisms And it is now the purpose of the publishers to form of these singly issued volumes a set of four numbered in the order of their issue About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
