Grace Responsibility:

Karl Barth's Moral Thought Gerald McKenny, 2021 Gerald McKenny follows Barth's efforts to present God's grace as a moral norm in his treatments of divine commands, moral reasoning, responsibility, and agency

Be Holy Oliver Faith, 2025-01-05 Be Holy explores Christianity's fundamental command of biblical holiness through a comprehensive examination of its theological foundations and practical applications. This scholarly yet accessible work investigates three core dimensions: separation unto God, moral purity, and spiritual transformation, demonstrating how these interconnected aspects shape authentic Christian living. The book uniquely balances academic rigor with practical wisdom, making complex theological concepts understandable for both scholars and lay readers. The journey begins with an exploration of holiness from its Hebrew roots, *kadosh*, through its New Testament fulfillment, establishing a robust theological framework. What sets this work apart is its balanced approach to holiness as both a divine gift and an active pursuit, challenging common misconceptions while providing practical guidance. Through careful examination of biblical texts, historical church documents, and contemporary scholarship, readers gain a deeper understanding of how holiness manifests in daily life. Structured in three main sections, the book progresses from theological foundations to addressing misconceptions and finally to practical application in areas such as thought, life, relationships, and ethical decision-making. This methodical approach, enriched by insights from psychology, sociology, and ethics, presents holiness not as an unattainable ideal but as a comprehensive life orientation. The work serves as both a theological resource and a practical guide, offering actionable steps while maintaining focus on the transformative power of God's grace.

Emotions, Moral Formation, and Christian Politics Jonathan M. Cahill, 2024-08-22 This volume addresses the social-relational nature of moral formation, emotions, and moral agency. Drawing on Barth's theological anthropology and his relational conception of the self, Cahill argues that Barth envisions moral progress as rooted in the growth of the community. Cahill also explores Barth's view of emotion in conversation with the study of emotions in psychology, sociology, neuroscience, and philosophy. Building on Barth and these other disciplines, Cahill argues for a relational and cognitive conception of emotions, while highlighting emotions' critical role in regulating group and social relations. Emotions are fundamental to interpersonal interactions, to group relations, and for the reinforcement and disruption of social structures. This account of moral formation and emotion is illustrated through the example of climate change. A community shaped by love for God, solidarity with other creatures, and a concern for all of creation leads to an awareness of hegemonic forces and fosters emotions shaped by the kingdom of God that enables the struggle for climate justice.

Agency--From Choice to Existence Itself Kim R. Lindquist, 2022-04-14 The highest form of Love is determined by and must conform to the highest object of that Love. God has determined that highest object, namely the creation of His spirit offspring and the earth as their mortal abode, in procreation, purification, and exaltation through the Atonement of Jesus Christ, as invoked by Repentance in Agency. Agency: From Choice to Existence Itself explores this reality in attempted
