Grand Scuttle:

The Grand Scuttle Dan Van der Vat,2012-11-01 At Scapa Flow on 21 June 1919 there occurred an event unique in naval history The German High Seas Fleet one of the most formidable ever built was deliberately sent to the bottom of the sea at the British Grand Fleet s principal anchorage at Orkney by its own officers and men The Grand Scuttle became a folk legend in both Germany and Britain However few people are aware that Rear Admiral Ludwig von Reuter became the only man in history to sink his own navy because of a misleading report in a British newspaper that the Royal Navy guessed his intention but could do nothing to thwart it that the sinking produced the last casualties and the last prisoners of the war and that fragments of the Kaiser s fleet are probably on the moon This is the remarkable story of the scuttling of the German fleet in Scapa Flow It contains previously unused German archive material eye witness accounts and the recollections of survivors as well as many contemporary photos which capture the awesome spectacle of the finest ships of the time being deliberately sunk by their own crew Scapa 1919 Innes McCartney,2019-05-30 Marine archaeologist Dr Innes McCartney reveals for the first time the location and state of the wrecks of all 25 warships sunk in the scuttling of the German fleet at Scapa Flow The German High Seas Fleet was one of the most powerful naval forces in the world and had fought the pride of the Royal Navy to a stalemate at the battle of Jutland in 1916 After the armistice was signed ending fighting in World War I it surrendered to the British and was interned in Scapa Flow pending the outcome of the Treaty of Versailles In June 1919 the entire fleet attempted to sink itself in the Flow to prevent it being broken up as war prizes Of the 74 ships present 52 sunk and 22 were prevented from doing so by circumstance and British intervention Marine archaeologist and historian Dr Innes McCartney reveals for the first time what became of the warships that were scuttled examining the circumstances behind the loss of each ship and reconciling what was known at the time to what the archaeology is telling us today This fascinating study reveals a fleet lost for nearly a century beneath the waves **The National Builder** ,1901 *A Dictionary of the Characters and Scenes in the Novels, Romances and Short Stories of H.
