Empire Lite Micha Ignatieff,2010-11-16 *Clans and Democratization: Chechnya, Albania, Afghanistan and Iraq* Charlotte Hille,2020-05-06 In *Clans and Democratization* Charlotte Hille investigates clan societies in Afghanistan Iraq Albania and Chechnya She explores and compares the values of clans with those in Western democratic states while focusing at conflict resolution and democratization Based on theory and practice this book provides tools to facilitate democratic state building in clan based societies

Peace Operations and Global Order Alex J. Bellamy,Paul Williams,2014-01-02 *Peacekeeping in Global Politics* investigates the changing role of peacekeeping and competing perspectives about what that role should be It begins by addressing broad issues connected with the transition from a Westphalian to post Westphalian international society the ethical and legal dilemmas provoked by armed intervention and the alternative ways of conceptualising the role that peacekeeping plays It goes on to critically chart the development of traditional peacekeeping before outlining how the role of force in peacekeeping operations has changed and the close links between peacekeeping conflict prevention and conflict resolution The final part of the volume focuses specifically on globalization and the effects that this has had on peacekeeping practices In particular it focuses on the changing conflict environment the growing tendency towards subcontracting peacekeeping duties and the development of regional peacekeeping capabilities Overall this volume makes two contributions to the way we think about peacekeeping first it demonstrates that the theory and practice of peacekeeping is embedded in global politics and second it shows that there an on going debate about what peacekeeping is for

European Security in the Twenty-First Century Adrian Hyde-Price,2007-02-12 Combining a sophisticated theoretical analysis with detailed empirical case studies this book provides an original view of the challenges and threats to a stable peace order in Europe The end of Cold War bipolarity has transformed Europe Using structural realist theory Adrian Hyde Price analyzes the new security agenda confronting Europe in the twenty first century Europe he argues is not primed for peace as mainstream thinking suggests rather it faces new security threats and the challenge of multipolarity This critical and original volume looks at European security after the Iraq War the failure of the EU constitution and the change of government in Germany Reflecting on the inherently competitive and tragic nature of international politics it concludes that realism provides the only firm foundations for an ethical foreign and security policy *European Security in the Twenty First Century* will appeal to students and scholars of international relations European politics and security studies

Liberal World Orders Tim Dunne,Trine Flockhart,2013-08-08 *Liberal World Orders* is a timely contribution to debates about the current world order in the face of declining US hegemony and rising new powers It examines the history and durability of liberal thought Neo liberalism is criticised as a theoretical perspective ill equipped to understand the current crisis or possibilities for its amelioration

The UN Stabilization Mission in Mali (MINUSMA) Arthur Boutellis,2024-10-27 The book tells and analyzes the story of the United Nations multidimensional stabilization operation in Mali MINUSMA which

closed at the end of the 2023 after almost a decade of existence MINUSMA which is the UN operation that has by far attracted the most media attention has been the laboratory of contemporary peacekeeping combining several interesting elements It came on the tail of a French African military intervention rehatting African contingents operated in parallel to various counterterrorism forces Barkhane and JF G5 Sahel It has been the deadliest peace operation due to asymmetric threats but has also managed to adapt to a new environment and has witnessed a return of European troop contributors to peacekeeping in Africa but also a significant contribution from China Most importantly MINUSMA ultimately became caught in the geopolitical crossfire with a host government led by a military junta and supported by Russia and the Wagner Group defying the Security Council in the context of a return of East West rivalries exacerbated by the 2022 Ukraine invasion
