## Labor Force Housing

Facilities Planning Services LLC has been very active in reshoring and the domestic relocation of manufacturing and distribution operations. We address the complete package of challenges. One of the lesser addressed challenges is clean functional new or like new labor force housing. Majority of the rural communities with excellent industrial property prices do not have adequate housing. So how can you expect to attract industry? Also, why pay a huge price for a metropolitan industrial site near large communities that may already have high occupancy rates? Why not Win, Win, and Win by contacting FPS LLC?

FPS can help find a bargain rural site and help develop beautiful new modest labor force housing. The benefits include very attractive Greenfield costs, attractive labor costs, minimum labor turnover, increased comradery with worker families, and a huge impact on local trades which will also be needed at the facility. Winning does not stop there. Investors can actually own and develop these communities and arrange payroll deductible house payments to add stability to the community. There are profit opportunities in land development and financing of mortgages. FPS can help with grants and funding for such exciting opportunities. FPS LLC has impressive knowledgeable individuals coordinating these opportunities, for example. . . . .

The newest member to the FPS Reshoring Team is attorney Charles Blackmon. Mr. Blackmon has extensive experience and contacts in support of affordable housing. There is no one better than he to help Industry locate in high profitable areas with resources and grants to develop housing solutions. Think out of the box by discussing your plans with Facilities Planning Services LLC to establish a Greenfield site with a focus on real profitability. Or if you feel your facility may benefit from new modest labor force housing contact direct:
