Falcon Brigade:

The 10th Mountain Division Dennis P. Chapman, 2023-03-28 The storied history of the US Army's elite 10th Mountain Division is presented here in precise detail by Dennis Chapman a former officer in the division The reader will first learn of the outfit's 1943 activation then the dramatic story of their famous WWII Italian campaign After successfully storming the near vertical slope of Riva Ridge thought unclimbable by their German opponents and then seizing the strategic heights of the Mount Belvedere massif the men of the 10th Mountain Division battered their way through the Apennine Mountains Breaking out into the Po Valley the 10th Mountain Division raced across the lowlands to the foot of the Austrian Alps slamming the door shut on thousands of retreating Axis troops The reader will also learn about the heroism of the 10th Mountain Division troops at the Battle of the Black Sea in Mogadishu the famous story of Black Hawk Down as well as its exploits during the early years of the global war on terror Unlike most books of its kind this book goes beyond those famous exploits bringing together all the threads of the division's history Chapman also recounts the history of the 10th Mountain Division in its Cold War incarnations at Fort Riley Kansas and in Germany He also tells the story of the 87th Infantry Regiment the last remaining of the division's three original regiments and the only element of the division to continue in existence from the division's deactivation in 1958 until its reactivation in 1985 *The Army Communicator*, 2008 **The Engineer**, 2005 **Falcon Brigade** Lawrence E. Casper, 2001 One would hope that Falcon Brigade would become widely read by the members of our transitioning military for the many lessons it has to offer and especially by those decision makers who send the armed forces into harm's way Scott R DiMarco Military Book Review If you like the book Black Hawk Down then you will find Larry Casper's Falcon Brigade equally compelling This book should be on the professional development reading list for every young officer and noncommissioned officer regardless of branch or specialty It is a book you cannot put down as each page brings the reader deeper into the fray of battle For those who want to understand the challenges facing today's Army in the post Cold war era works like this are a must Colonel George F Oliver Parameters Falcon Brigade has must read value for Army transition planners This excellent volume with the author's real world command experiences contains vital lessons for every aspect of transformation Scott R Gourley Army Magazine Casper debunks the image of antiseptic intervention and reminds us that warfare continues to be a dirty and dangerous business for those involved Falcon Brigade is an essential book for those concerned with the nature of modern war Stephen A Bourke The Journal of Military History Precise and perceptive Casper's observations and conclusions are eminently worthy of study Norman R Carpenter Marine Corps Gazette Falcon Brigade is very strongly recommended for students of modern military operations It vividly recounts two campaigns that both affected U S policy making and altered the basic nature of U S military involvement overseas The Midwest Book Review Casper provides a counterpoint to Black Hawk Down's front line narrative of the Mogadishu fighting and a useful reply to such works as Shacoichis's Immaculate Invasion He demonstrates the possibilities

and the limitations inherent in the use of U S armed forces in such operations Dennis Showalter Casper captures the heroics challenges innovations and teamwork our soldiers and leaders experienced on two dangerous and sensitive operations a must read Dick Cody Major General US Army Falcon Brigade is an accurate frank and often breathtaking account of the unit s professionalism skill and elan in the harsh streets of Mogadishu I think Colonel Casper wrote this book for and about great soldiers Every military leader should read it Thomas M Montgomery Lieutenant General US Army Ret A fast paced hard hitting first hand account of two recent expeditionary operations Falcon Brigade is the perfect antidote to the Pentagon s notion that modern war is a matter of servicing target arrays Full of lessons about leadership ingenuity and courage under fire it is an excellent text for those called upon to deal with the New World Disorder and required reading for those who send young Americans into harm s way Bruce Gudmundsson Col Lawrence E Casper U S Army Ret narrates the first documented account by a military officer of the harrowing US operations in Somalia and Haiti As commander of the Falcon Brigade 10th Mountain Division and the UN Quick Reaction Force QRF Casper experienced Operation Continue Hope first hand Falcon Brigade and Special Operations aviators shared the skies over Mogadishu on October 3 1993 providing cover as the Quick Reaction Force fought block by block to reach the stranded troops and remove them to safety Casper s candid account of Operation Continue Hope and the brigade s continuing involvement in Somalia until the U S withdrawal from the war torn region some five months later showcases the leadership skills and courage necessary for troop survival under beleaguered circumstances Just six months after their return from Somalia Casper and Falcon Brigade were on the flight deck of the nuclear aircraft carrier USS Eisenhower preparing to air assault 10th Mountain Division Lightfighters onto the shores of Haiti during Operation Uphold Democracy Casper brings to life the frustrations and challenges the brigade soldiers experienced as they worked around the clock for thirty days and he captures the untiring cooperation between soldiers and sailors as they joined together to ensure the success of the operation His account concludes with the brigade s subsequent four month involvement in Haiti Not only a telling and vivid history Falcon Brigade is an insightful and rare discussion of what did and did not work and what went on behind the scenes at the operational level

Authority and the first combat forces deployed to Saudi Arabia in what would eventually become Operation Desert Storm His account drawn from his personal log of the brigade s 227 day deployment and supported by many primary documents is a grunt level view of the Persian Gulf War from the thoughts of the paratroopers as they left their homes to their attack on Iraqi forces

Somalia ... from the Sea Gary J. Ohls,2009 From January 1991 through March 1995 the United States conducted numerous incursions into Somalia undertaking a variety of missions and objectives All of the actions had humanitarian elements yet the operations that made up this mosaic of American involvement ranged from benign to aggressive from purely humanitarian to clearly combative Somalia From the Sea is an account that attempts to explain and analyze these actions and place them within the overarching strategic and operational concepts developing in the first years following the end of the Cold War Introduction
