Generals War:

How Great Generals Win Bevin Alexander, 2011-07-25 An astute military historian's appraisal of what separates the sheep from the wolves in the great game of War Kirkus Reviews If a key to military victory is to get there first with the most the true test of the great general is to decide where there is the enemy's Achilles heel Here is a narrative account of decisive engagements that succeeded by brilliant strategy more than by direct force The reader accompanies those who fought from Roman legionaries and Mongol horsemen to Napoleonic soldiery American Civil War Rebels and Yankees World War I Tommies Lawrence of Arabia's bedouins Chinese revolutionaries British Desert Rats Rommel's Afrika Korps and Douglas MacArthur's Inchon invaders However varied their weapons the soldiers of all these eras followed a commander who faced the same obstacles and demonstrated the strategic and tactical genius essential for victory All warfare is based on deception wrote Sun Tzu in *The Art of War* in 400 BCE Bevin Alexander shows how great generals have interpreted this advice and why it still holds true today

[The Generals](#) Winston Groom, 2015-11-10 Celebrated historian Winston Groom tells the uniquely American tales of George Patton Douglas MacArthur and George Marshall from World War I to World War II These three remarkable men of arms who rose from the gruesome hell of the First World War to become the finest generals of their generation during World War II redefined America's ideas of military leadership and brought forth a new generation of American soldier Their efforts revealed to the world the grit and determination that would become synonymous with America in the post war years Filled with novel worthy twists and turns and set against the backdrop of the most dramatic moments of the twentieth century *The Generals* is a powerful action packed book filled with marvelous surprises and insights into the lives of America's most celebrated warriors

The Generals Thomas E. Ricks, 2012-10-30 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of *Fiasco* and *Churchill and Orwell* While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In *The Generals* Thomas E. Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks's hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails

[Generals of the Bulge](#) Jerry D. Morelock, 2015-03-01 The Battle of the Bulge lives in history as the U S Army's largest and bloodiest battle of World War II This innovative study of American military leadership in action during the battle examines the performance of six generals in the days and weeks after the German attack in December 1944 Generals covered include Dwight Eisenhower and Omar Bradley among others Five levels of command are studied supreme coalition army group army corps and division armored combat command A unique and important history that will appeal to buffs

scholars and soldiers Operation Iraqi Freedom Thomas Donnelly,2004 This study argues that the George W Bush administration charted the correct strategy in Iraq but has failed to match its military means to its strategic ends

Presidents & Their Generals Matthew Moten,2014-11-05 A military historian traces the long struggle of American presidents to assert their power over uncooperative generals Since World War II the United States has been engaged in near constant military conflict abroad often with ill defined objectives ineffectual strategy and uncertain benefits In this era of limited congressional oversight and wars of choice the executive and the armed services have shared the primary responsibility for making war The negotiations between presidents and their generals thus grow ever more significant and understanding them becomes essential Matthew Moten traces a sweeping history of the evolving roles of civilian and military leaders in conducting war demonstrating how war strategy and national security policy shifted as political and military institutions developed and how they were shaped by leaders personalities Early presidents established the principle of military subordination to civil government and from the Civil War to World War II the president s role as commander in chief solidified with an increasingly professionalized military offering its counsel But General Douglas MacArthur s insubordination to President Harry Truman during the Korean War put political military tensions on public view Subsequent presidents selected generals who would ally themselves with administration priorities Military commanders in Vietnam Iraq and Afghanistan did just that and the results were poorly conceived policy and badly executed strategy The most effective historical collaborations between presidents and their generals were built on mutual respect for military expertise and civilian authority and a willingness to negotiate with candor and competence Upon these foundations future soldiers and statesmen can ensure effective decision making in the event of war and bring us closer to the possibility of peace Praise for **Presidents and Their Generals** This highly readable book impressive in scope is a major contribution to understanding the important yet often shifting dynamics of civil military relations in the U S past present and future W A Taylor Choice The author s opinions are precise and witty and based on comprehensive knowledge of his subject as he clearly demonstrates how wars are lost by the arrogant and or incompetent A brilliant fascinating picture of how wars badly begun and poorly run can affect an entire country usually at the hands of just a few men Kirkus Reviews starred review **Marshall and His Generals** Stephen R. Taaffe,2011-10-18 General George C Marshall chief of staff of the U S Army during World War II faced the daunting task not only of overseeing two theaters of a global conflict but also of selecting the best generals to carry out American grand strategy **Marshall and His Generals** is the first and only book to focus entirely on that selection process and the performances both stellar and disappointing that followed from it Stephen Taaffe chronicles and critiques the background character achievements and failures of the more than three dozen general officers chosen for top combat group commands from commanders like Dwight Eisenhower and Douglas MacArthur to some nearly forgotten Taaffe explores how and why Marshall selected the Army s commanders Among his chief criteria were character including unselfish and devoted

purpose education whether at West Point Fort Leavenworth or the Army War College and striking a balance between experience and relative youth in a war that required both wisdom and great physical stamina As the war unfolded Marshall also factored into his calculations the combat leadership his generals demonstrated and the opinions of his theater commanders Taaffe brings into sharp focus the likes of Eisenhower MacArthur George Patton Omar Bradley Walter Krueger Robert Eichelberger Courtney Hodges Lucian Truscott J Lawton Collins Alexander Sandy Patch Troy Middleton Matthew Ridgeway Mark Clark and twenty five other generals who served in the conflict He describes their leadership and decision making processes and provides miniature biographies and personality sketches of these men drawn from their personal papers official records and reflections of fellow officers Delving deeper than other studies this path breaking work produces a seamless analysis of Marshall s selection process of operational level commanders Taaffe also critiques the performance of these generals during the war and reveals the extent to which their actions served as stepping stones to advancement Ambitious in scope and filled with sharp insights Marshall and His Generals is essential reading for anyone interested in World War II and military leadership more generally **The War Between the Generals** David John Cawdell Irving,1981

The Gulf War of 1991 Reconsidered Andrew J. Bacevich,Efraim Inbar,2003 Examines the 1991 Gulf War s historical origins conduct and legacy It considers the events from three points of view Arab Israeli and American **The War of the Rebellion** United States. War Department,1887 Series I Contains the formal reports both Union and Confederate of the first seizures of United States property in the Southern States and of all military operations in the field with the correspondence orders and returns relating specially thereto and as proposed is to be accompanied by an Atlas In this series the reports will be arranged according to the campaigns and several theaters of operations in the chronological order of the events and the Union reports of any event will as a rule be immediately followed by the Confederate accounts The correspondence etc not embraced in the reports proper will follow first Union and next Confederate in chronological order Volume XIV 1885 Vol 14 Chap 26 Chapter XXVI Operations on the coasts of South Carolina Georgia and Middle and East Florida Apr 12 1862 Jun 11 1863 **Armor** ,1995 The magazine of mobile warfare , Challenges of Command in the Civil War Richard Sommers,2018-02 Challenges of Command concentrates on senior military leadership and the generals who exercised it The first volume of two focuses on Civil War Generals and Generalship Volume II covers Civil War Strategy Operations and Organization Each chapter is free standing Some are grounded in extensive original research and others bring readily available information together in new formulations and suggest new ways to consider it Still others offer my own analyses and interpretations of oft explored subjects such as the generalship of U S Grant and Robert E Lee and Confederate generalship in the Gettysburg Campaign all grounded in sixty three years of studying and thinking about the Civil War Provided by publisher **War for the Every Day** Erik Lund,1999-10-30 A study of operational warfare in the Habsburg old regime 1683 1740 which recreates everyday warfare and the lives of the generals conducting it this book goes beyond the

battlefield to examine the practical skills of war needed in an agricultural landscape of pastures woods and water Although sieges forages marches and raids are universally considered crucial aspects of old regime warfare no study of operational or maneuver warfare in this period has ever been published Early modern warfare had an operational component which required that soldiers possess or learn many skills grounded in the agricultural economy and this requirement led to an economy of knowledge in which the civil and military sectors exchanged skilled labor Many features of scientific warfare thought to be initiated by Enlightenment reformers were actually implicit in the informal structures of armies of the late 1680 1740 period In this period the Habsburg dynasty maintained an army of more than 100 000 men and hundreds of generals This book might be called a labor history of these generals revealing their regional social and educational backgrounds It also details the careerist dimensions of another neglected aspect of the early modern general s work the creation of military theory Theory arose naturally from staff work and commanded wide interest among both high ranking officers for professional reasons and for its significant impact on service politics **Generals of the Bulge** Jerry D. Morelock,2020-10 The Battle of the Bulge lives in history as the U S Army s largest and bloodiest battle of World War II This innovative study of American military leadership in action during the battle examines the performance of six generals in the days and weeks after the German attack in December 1944 Generals covered include Dwight Eisenhower and Omar Bradley among others Five levels of command are studied supreme coalition army group army corps and division armored combat command A unique and important history that will appeal to buffs scholars and soldiers **British Generalship during the Great War** Dr Simon Robbins,2013-06-28 Following the career of one relatively unknown First World War general Lord Horne this book adds to the growing literature that challenges long held assumptions that the First World War was a senseless bloodbath conducted by unimaginative and incompetent generals Instead it demonstrates that men like Horne developed new tactics and techniques to deal with the novel problems of trench warfare and in so doing seeks to re establish the image of the British generals and explain the reasons for the failures of 1915 16 and the successes of 1917 18 and how this remarkable change in performance was achieved by a much maligned group of senior officers Horne s important career and remarkable character sheds light not only on the major battles in which he was involved the progress of the war his relationships with his staff and other senior officers the novel problems of trench warfare the assimilation of new weapons tactics and training methods and the difficulties posed by the German defences but also on the attitudes and professionalism of a senior British commander serving on the Western Front Horne s career thus provides a vehicle for studying the performance of the British Army in the first quarter of the Twentieth Century It also gives an important insight into the attitudes ethos and professionalism of the officer corps which led that army to victory on the Western Front exposing not only its flaws but also its many strengths This study consequently provides a judgment not only on Horne as a personality innovator and general of great importance but also on his contemporaries who served with the British Armies in South Africa

and France during an era which saw a revolution in military affairs giving birth to a Modern Style of Warfare which still prevails to this day A History of the Great War John Buchan,1923 *Famous Generals of the Great War who Led the United States and Her Allies to a Great Victory, by Charles H. L. Johnston* Charles Haven Ladd Johnston,1919 **Battles and Leaders of the Civil War** Robert Underwood Johnson,Clarence Clough Buel,1888 **The Warrior Generals** Thomas B. Buell,1997 A master historian gives readers a fresh new picture of the Civil War as it really was Buell examines three pairs of commanders from the North and South who met each other in battle Following each pair through the entire war the author reveals the human dimensions of the drama and brings the battles to life 38 b w photos

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Generals War eBooks, including some popular titles.

FAQs About Generals War Books

What is a Generals War PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Generals War PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft

Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Generals War PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Generals War PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Generals War PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
