Commanding the Army of the Potomac Stephen R. Taaffe,2006 Stephen Taaffe takes a close look at this command cadre examining who was appointed to these positions why they were appointed and why so many of them ultimately failed to fulfill their responsibilities He demonstrates that ambitious officers such as Gouverneur Warren John Reynolds and Winfield Scott Hancock employed all the weapons at their disposal from personal connections to exaggerated accounts of prowess in combat to claw their way into these important posts Once there however as Taaffe reveals many of these officers failed to navigate the tricky and ever changing political currents that swirled around the Army of the Potomac As a result only three of them managed to retain their commands for more than a year and their machinations caused considerable turmoil in the army s high command structure

*An American Profession of Arms* William B. Skelton,1992 Following the formation of a regular army in 1784 a popular distrust of military power and the generally unsettled nature of national administration kept the army in a continual state of fluctuation both in terms of organisation and size Few officers were making a long term commitment to military service But by 1860 a professional army career was becoming a way of life In that year 41.5 percent of officers had served 30 years compared to only 2.6 percent in 1797

**Doniphan's Epic March** Joseph G. Dawson,1999 In 1846 1847 a ragtag army of 800 American volunteers marched 3 500 miles across deserts and mountains through Indian territory and into Mexico There they handed the Mexican army one

of its most demoralizing defeats and helped the United States win its first foreign war Their leader Colonel Alexander Doniphan also a volunteer was a natural soldier of towering stature who became a national hero in the wake of his wartime exploits Doniphan was a small town Missouri lawyer untrained in military matters when he answered President Polk s call for volunteers in the war with Mexico Working from a host of primary sources Joseph Dawson focuses on Doniphan s extraordinary leadership and chronicles how the colonel and his 1st Missouri Mounted Regiment helped capture New Mexico and went on to invade Chihuahua Contending with wildfires sandstorms poor provisions and the threat of attack from Apaches they eventually came face to face with the formidable cannon and cavalry of a much larger Mexican force Yet at the Battle of Sacramento these hardy volunteers outflanked General Jose Heredia s army and claimed a stunning American victory on foreign soil Dawson explores and analyzes the many facets of Doniphan s exploits from the decision to proceed to Chihuahua in the wake of the Taos Revolt to the tactics that shaped his victory at Sacramento describing that battle in heart stopping detail He tells how Doniphan s legal expertise enabled him to supervise America s first military government administering a conquered land at Santa Fe and highlights Doniphan s remarkable cooperation with U S Army officers at a time when antagonism typified relationships between volunteers and regulars He also introduces readers to other key personalities of the campaign from fellow officers Stephen W Kearny and Meriwether L Clark to James Kiker the controversial scout whom Doniphan reluctantly trusted Dawson s thorough account captures the expansionist mood of America in the mid nineteenth century and helps us understand how American soldiers were motivated by the idea of Manifest Destiny His portrait of Doniphan and his troops reinforces the importance of the citizen soldier in American history and provides a new window on the war that changed forever the hopes and dreams of our border nations
