Eternal Now Scm Classics:

The Eternal Now Paul Tillich, 2002 These 16 sermons contain in concentrated form some of Tillich's most lambent themes. Although they were first published in the early 1960s, the pieces in question take up preoccupations which continue to haunt us at the beginning of the 21st century. Tillich discusses among other topics wisdom, salvation, loneliness, and solitude, creation in relation to the creator, inequality, and spiritual presence. He has a desire to make sense of the fundamental mystery of Christian theology, the paradox of the moment which is now, wherein comes the mystery which is eternity. Heythrop Journal, 2003 A select book list appears quarterly. *A History of the Quests for the Historical Jesus, Volume 2* Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two-volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship. Jesus' life and teaching is important to every question we ask about what we believe and why we believe it. And yet there has never been common agreement about his identity, intentions, or teachings, even among first-century historians and scholars. Throughout history, different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage, creating a labyrinth of conflicting ideas. From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria, methods, and sources, *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward. The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject, assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical, sociological, and theological underpinnings. Instead of seeking a bedrock of facts, Brown stresses the role of hermeneutics in formulating questions and seeking answers. Colin Brown was almost finished with the manuscript at the time of his passing in 2019. Brought to its final form by Craig A. Evans, this book promises to become the definitive history and assessment of the quests for the historical Jesus. Volume One, sold separately, covers the period from the beginnings of Christianity to the end of World War II. Volume Two covers the period from the post-war era through contemporary debates. **Mapping Modern Theology** Kelly M. Kopic, Bruce L. McCormack, 2012-04 A team of international scholars assesses the field of modern theology thematically, covering classic topics in Christian theology over the last 200 years. *The Myths of Time* Hugh Rayment-Pickard, 2004 An original and stimulating examination by Hugh Rayment-Pickard of the theology of time and history, drawing from art, literature, philosophy, theology, and everyday life to show how we experience time. Publisher God and the Future Christiaan Mostert, 2002-10-15 An introduction to the theology of Wolfhart Pannenberg. Pannenberg's extensive works, especially his recently published *Systematic Theology*, are increasingly regarded as of major importance. Professor Mostert here provides not only a general introduction to Pannenberg's theology and many keys to enable the serious reader of theology to access Pannenberg's individual works but also sets Pannenberg's complex thought in the broadest context of
