The Essential Herbert George Herbert, 1987 [The Essential Herbert M. Shelton](#) Herbert M. Shelton, 2014-03 This Is A New Release Of The Original 1900 Edition **George Herbert's Lyrics** Arnold Stein, 2019-12-01 Originally published in 1968 The main purpose of this book is to demonstrate that George Herbert is one of the great masters of lyric poetry Stein discusses Herbert's diction imagery syntax and rhythm in light of his organization of the imaginative materials of time and self consciousness and in light of his development of a rhetoric through which he could master the intimacies of personal failure and what is far more difficult express in language convincingly sincere states of positive religious achievement

Conflicts of Devotion Daniel R. Gibbons, 2017-03-30 Who will mourn with me Who will break bread with me Who is my neighbor In the wake of the religious reformations of the sixteenth century such questions called for a new approach to the communal religious rituals and verses that shaped and commemorated many of the brightest and darkest moments of English life In England new forms of religious writing emerged out of a deeply fractured spiritual community Conflicts of Devotion reshapes our understanding of the role that poetry played in the re formation of English community and shows us that understanding both the poetics of liturgy and the liturgical character of poetry is essential to comprehending the deep shifts in English spiritual attitudes and practices that occurred during the sixteenth and seventeenth centuries The liturgical communitarian perspective of Conflicts of Devotion sheds new light on neglected texts and deepens our understanding of how major writers such as Edmund Spenser Robert Southwell and John Donne struggled to write their way out of the spiritual and social crises of the age of the Reformation It also sheds new light on the roles that poetry may play in negotiating and even overcoming religious conflict Attention to liturgical poetics allows us to see the broad spectrum of ways in which English poets forged new forms of spiritual community out of the very language of theological division This book will be of great interest to teachers and students of early modern poetry and of the various fields related to Reformation studies history politics and theology
