The Fiction Factory John Milton Edwards, 2015-01-20 Example in this ebook I AUT FICTION AUT NULLUS Well my dear said John Milton Edwards miserably uncertain and turning to appeal to his wife which shall it be to write or not to write To write was the answer promptly and boldly to do nothing else but write John Milton wanted her to say that and yet he did not Her conviction orally expressed had all the ring of true metal yet her husband reflecting his own inner perplexities heard a false note suggesting the base alloy of uncertainty Hadn t we better think it over he quibbled You ve been thinking it over for two years John and this month is the first time your returns from your writing have ever been more than your salary at the office If you can be so successful when you are obliged to work nights and Sundays and most of the time with your wits befogged by office routine what could you not do if you spent ALL your time in your Fiction Factory It may be ventured John Milton that I could do better work snatching a few precious moments from those everlasting pay rolls than by giving all my time and attention to my private Factory Is that logical inquired Mrs John Milton I don t know my dear whether it s logical or not We re dealing with a psychological mystery that has never been broken to harness Suppose I have the whole day before me and sit down at my typewriter to write a story Well and good But getting squared away with a fresh sheet over the platen isn t the whole of it The Happy Idea must be evolved What if the Happy Idea does not come when I am ready for it Happy Ideas you know have a disagreeable habit of hiding out There s no hard and fast rule that I am aware of for capturing a Happy Idea at just the moment it may be most in demand There s lightning in a change of work the sort of lightning that clears the air with a tonic of inspiration When I m paymastering the hardest I seem to be almost swamped with ideas for the story mill Query Will the mill grind out as good a grist if it grinds continuously If I were sure It stands to reason Mrs Edwards maintained stoutly that if you can make 125 a month running the mill nights and Sundays you ought to be able to make a good deal more than that with all the week days added Provided John Milton qualified my fountain of inspiration will flow as freely when there is nothing to hinder it as it does now when I have it turned off for twelve hours out of the twenty four Why shouldn t it I don t know my dear John Milton admitted unless it transpires that my inspiration isn t strong enough to be drawn on steadily Fudge exclaimed Mrs Edwards And then her husband proceeded let us consider another phase of the question The demand may fall off The chances are that it WILL fall off the moment the gods become aware of the fact that I am depending on the demand for our bread and butter Whenever a thing becomes absolutely essential to you Fate immediately obliterates every trail that leads to it and you go wandering desperately back and forth getting more and more discouraged until Until you drop in your tracks broke in Mrs Edwards and give up a quitter Quitter is a mean word There s something about it that jostles you and treads on your toes I don t think I d prove a quitter said John Milton even if I did get lost in a labyrinth of hard luck It s the idea of losing you along with me that hurts I ll risk that To be continue in this ebook
