Fight Racism For Unity And Progress:

Fight Racism - for Unity and Progress Henry Winston,1971 *Fighting Racism* Gus Hall,1985 Selected writings on the need and methods to fight racism for working class unity equality peace and socialism **Political Affairs** Earl Browder,1998 A theoretical and political magazine of scientific socialism *Racism and Anti-Racism Today* Amanuel Elias,2024-05-02 Acknowledging efforts to dismantle racism at multiple levels this book examines racism and anti racism as interconnected rather than isolated issues proposing a framework for effective anti racist policy and practice From Discrimination to Inclusion Ruth Chu-Lien Chao,2024-11-25 This book examines various forms of racism to provide a better understanding of the detrimental consequences they have in BIPOC communities It also provides strategies to challenge racism and address the traumatic responses racism evokes advocating for a society where diversity is celebrated **A Theology of Power and Privilege** Joseph Caldwell,2024-08-22 A Theology of Power and Privilege makes the bold assumption that it is possible to develop an antiracist theology within a constructive evangelical theological method It examines Black Liberation Theology s claims of embedded racism within White theological systems and then asks both if Reformed North American Evangelicalism evidences racism within its theology and if so how might that be addressed biblically and doctrinally while remaining true to the theological essence of evangelicalism Along the way the author engages critically with an evangelical tradition represented by John Calvin Jonathan Edwards Charles Hobbs and Carl F H Henry and considers it in the light of the critique of James Cone Having identified racism within the theological tradition the author then offers a constructive evangelical theology of power and privilege that he accesses as truly antiracist In pursuit of this theological conclusion the author explores biblical texts on liberation subjection and obedience and applies his conclusions to constructive work on the Doctrine of God This is done within an evangelical hermeneutical methodology that privileges the biblical text This book will be of interest to evangelicals who are engaged in debates around race racism and social justice either theologically or historically and theologians generally interested in the application of hermeneutics to theological method It will also be of interest to anyone regardless of tradition as a guide to how white theologians can take seriously the contributions and value of the Black intellectual tradition to their work **Self-Serving Public Leadership and Governance** Obinna Ubani-Ebere,2022-12-19 Leadership matters in everything Shared humanity is at risk of paralysis if the society lacks trustable transparent and accountable leadership for the well being of the society A nation is nothing but a perishable commodity if it lacks leadership foresight or vision and continually stands on a blind spot of political social and economic development Government is an asset if it has utility or values that impact citizens positively and improve their well being or livelihood In contrast the government is a total liability or lacks utility or values if its actions impede unity progress and development or undermine citizens well being Greed is the common denominator of public corruption Moreover corruption is a consequence of self serving leadership and governance in African countries demolishing hopes aspirations

and ingenuity Thus public corruption in African countries is the great conspiracy against innocent and poor citizens by the politicians elites and religious aristocrats causing obstacles to development Consequently there is a high possibility of political economic and social failures or marginalization of the poor when a nation s political governance is besieged by sit tight leadership syndrome self serving leaders greedy mindsets and corrupt leaders Here are the two critical questions Can African countries escape paralysis meltdowns or extreme poverty if the government is controlled by self serving public leaders who focus on themselves while ignoring the challenges of the larger society Can African countries survive the mediocrity of governance and frequent devastations due to the menace of religion tribalism and corruption in government public leadership and governance
