*Federal Register*, 1943-04      **Handbook of Marriage and the Family** Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting We are engaged in the process of reconstructing our family institutions through criticism and discussion 1938 pp 3 4      *The Oölogist*, 1891      *Los Angeles Magazine*, 1996-12 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian      *New York Magazine*, 1981-12-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **Singles** Leonard Cargan, Matthew Melko, 1982-04 Most people on learning that someone is unmarried assume that it is not by choice Unmarried women particularly are seen as being incompetent or unattractive Marriage in an economy dominated by males is still seen as a form of success while a single woman is regarded as a failure Single men are often seen as being immature selfish tied to mother or deeply inadequate The authors of this book compare singles with marrieds to separate myths and realities Questionnaires were also given to members of a singles organization The research yielded such interesting results as far from being selfish singles devote more time to community work They are not richer even without the expense of children because they have to pay so much tax They do have more fun but they are indeed more lonely This

book presents one of the first extended scientific studies of this much misunderstood minority This is a well conducted survey of a group that has not received much attention in the past and should be of interest to all professionals concerned with marriage and family Personality and Individual Differences *The Fiscal Impact Handbook* Robert W.
