Heaven Makers:

The Heaven Makers Frank Herbert, 2014-11-12 Idle immortals hungry for entertainment turn their attention to humans in this science fiction novel by the New York Times bestselling author of *Dune*. Immortal aliens had observed Earth for centuries making and viewing full sensory movies of wars, natural disasters and horrific human activities all to relieve their boredom. Then they finally became jaded by the ordinary run of the mill tragedies and found ways to create even more inventive spectacles to keep themselves amused. But interfering with human activities is forbidden and by the time Investigator Kelexel arrives to investigate things are really getting out of hand.

The Heaven Makers Frank Herbert, 1987-07-12 Kelexel an immortal alien journeys to Earth to make sure his colleagues have not been interfering with that planet's affairs. *The Collected Stories of Frank Herbert* Frank Herbert, 2014-11-18 *The Collected Stories of Frank Herbert* is the most complete collection of Herbert's short fiction ever assembled: thirty-seven stories originally published between 1952 and 1979 plus one story *The Daddy Box* that has never been published before. Frank Herbert, the New York Times bestselling author of *Dune*, is one of the most celebrated and commercially successful science fiction writers of all time. But while best known for originating the character of Paul Atreides and the desert world of Arrakis, Herbert was also a prolific writer of short fiction. His stories were published individually in numerous pulps and anthologies spanning decades but never collected. Until now! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
