Fragments In The Sun Poems And Performance Text:

The Black Theatre Movement in the United States and in South America Olga Barrios Herrero, 2011-11-28 El creixement dels moviments sociopolítics entre els anys seixanta i noranta als Estats Units i a Sudàfrica va establir els fermes fonaments sobre els quals amb una força i ímpetu sense precedents es va forjar el teatre negre d'aquests anys. Forma i contingut van sorgir a l'una del compromís polític i artístic adoptat per aquests artistes contra l'imperialisme, el colonialisme i el racisme occidentals. Per primera vegada en la història el teatre negre dels Estats Units i de Sudàfrica analitzava i valorava les arrels negres per a poder il·luminar la recerca d'un futur de llibertat. No obstant això, el context sociopolític i les circumstàncies específiques de cada país han generat igualment els trets distintius del teatre afro nord-americà i negre sud-africà incloses les diferències de gènere, manifestos en ramificacions artístiques totalment heterogènies i níquies.

Fragments and Meaning in Traditional Song Mary-Ann Constantine, Gerald Porter, 2003-08-07 This is a study of very short songs pieces long perceived as fragments or remnants of longer narrative texts and dismissed as the by products of a degenerative oral tradition. Coverage includes English, Welsh, Breton, American and Finnish songs. The authors argue that the inherently metaphorical and connotative idiom of traditional song makes external critical notions of completeness inappropriate in practice such pieces are rarely felt to be broken or lacking by those who sing them they have a strong metonymic force. A wide range of texts and traditions is explored to suggest how short songs may convey meaning both in performance and in non traditional contexts such as the literary novel.

Writers of the Indian Diaspora Emmanuel S. Nelson, 1993-04-13 The fifty eight writers included in this new sourcebook have roots in India or less frequently in Pakistan, Bangladesh or Sri Lanka but represent diverse geographical areas of the Indian Diaspora from the South Pacific to South America from the Indian Ocean islands of Mauritius and Singapore to the cities and suburbs of London, New York, Johannesburg and Toronto. Their lives, works, themes and critical receptions are examined individually but with attention to two central assumptions that people of the Indian diaspora share a diasporic consciousness generated by a complex network of historical connections, spiritual affinities and unifying racial memories and that this shared sensibility is manifested in the

cultural productions of the Indian diasporic communities around the world These concepts developed by Professor Nelson in a previous study *Reworlding The Literature of the Indian Diaspora* are here applied to a larger canvas of writers including major international figures such as V S Naipaul and Salman Rushdie and talented emerging writers The writers practice a variety of literary forms and represent an extraordinary diversity of ethnicities languages and religious traditions The women among them contribute the perspective of gender along with the themes of ethnicity migrancy and post coloniality shared with the male writers Each entry begins with relevant biographical information on the writer offers an interpretive summary of the major works provides an overview of the critical reception accorded the corpus and individual productions and concludes with detailed primary and secondary bibliographies A brief appendix lists each writer with place of birth and places of domicile The introduction to the volume by Professor Nalini Natarajan discusses several theoretical issues pertinent to Indian diasporic studies Of value to all literary collections and scholars this reference work will be of special interest for post colonial and Commonwealth studies

Simonides on the Persian Wars Lawrence M. Kowerski, 2017-09-25 This book considers what evidence the new Simonides fragments offer for Simonides elegiac compositions on the Persian Wars The current orthodoxy is that they represent three separate elegies on individual battles one on Artemisium one on Salamis and one on Plataea Kowerski evaluates what evidence these fragments provide for these compositions and in doing so questions the validity of the current interpretation of the new Simonides
