France Roger Roumagnac, Dore Ogrizek, 2013-10 This is a new release of the original 1948 edition **France** Doré Ogrizek, 1948 *France* Doré Ogrizek, 1950 **Paris and the Provinces** Peter Gourevitch, 2023-02-14 First published in 1980 Paris and the Provinces explores why reforms of central local relations in France have been so ineffectual Professor Gourevitch discovers the cause in party politics and personal rivalries The struggle for dominance among different parties Gaullists Communists Socialists Christian Democrats Independents and others and individuals De Gaulle Giscard Chirac Mitterand Marchais etc has influenced virtually every aspect of institutional reform from the creation of the regional administration and delineation of its powers to the delegation of specific responsibilities to cities and towns Conflict over the mechanisms that link local life to the national government is by no means limited to France This book closely examines comparable events in Italy and analyses the factors that differentiate the strength of ethnically based challenges to central authority in Britain Spain Belgium Yugoslavia and Canada from the relative weakness of such challenges in France Italy and Germany By evaluating the territorial distribution between the capital and the countryside as both an influence on and an object of policy Paris and the Provinces contributes significantly to understanding the connections between party politics and policy formation and will be of interest to students of political science government and public policy *Paris, the Provinces and the French Revolution* Alan Forrest, 2004-01-30 Tensions between Paris and the provinces have played a significant role in French history This book examines the effect of the French Revolution in the provinces on the tensions between provincial interests and those of Paris and the mediations of different political cultures which ensured that provincial France made a distinctive contribution to the history of the Revolutionary years **France: Paris and the Provinces. Text by Roger Roumagnac. Gastronomy by Pierre Andrieu. Translated by Marguerite Bigot and Madeleine Blaess, Etc** Roger ROUMAGNAC, Pierre ANDRIEU (Writer on Gastronomy.), Marguerite BIGOT, Madeleine BLAESS, 1948 France, Paris and the Provinces. Text by Roger Roumagnac, Gastronomy by Pierre Andrieu. Translation by Marguerite Bigot and Madeleine Blaess; Illus. by G. Beuville and Others Dore Ogrizek, Roger Roumagnac, 1950 **France and the republic, a record of things seen in the provinces** William Henry Hurlbert, 1890 *Canada and Its Provinces* Adam Shortt, Sir Arthur George Doughty, 1917 **France** Darlene Geis, 1960 **Catalogue of map froom of the Royal geographical society** Royal geographical society, 1882 *Fashioning the City* Agnès Rocamora, 2009-04-30 While much attention has been paid to the making of Paris in the work of writers and artists little is known about the city as defined and created by the fashion media Filling this gap in studies of the French capital this original and illuminating book focuses on how the French fashion press

with its rich conjunction of words and images has been able to construct Paris as a leading world fashion city Based in an original analysis of fashion writing and images in contemporary French fashion magazines and newspapers the book shows how the fashion media have been central to the consecration of the city of Paris on the fashion map as well as its celebration in the collective imaginary Agnes Rocamora explores for example the figures of la Parisienne and la passante the female passer by and the presence of the Eiffel tower in fashion visuals She gives attention to the continuum between the French journalistic discourse and that of cultural forms such as films paintings and literature thus revealing the persistence across texts and time of visions of Paris and shedding light on the production and reproduction of the Paris myth Paris and the Provinces Peter Alexis Gourevitch,1980

**The Royal Financial Administration and the Prosecution of Crime in France, 1670-1789** Albert N. Hamscher,2012-07-13 The Royal Financial Administration and the Prosecution of Crime in France 1670 1789 explores the French monarchy s role in financing criminal prosecutions in the royal courts of the realm the payment of criminal frais de justice in the vocabulary of the ancien r gime between 1670 and 1789 that is from the codification of criminal judicial procedure in the early period of Louis XIV s personal rule to the outbreak of the French Revolution The subject brings together three areas of scholarly inquiry criminal justice royal administration and the management of the crown s finances A central goal of the study is to provide factual information and interpretive insights on each of these topics and to explain the relationship of each to the others over a long time period The book contributes to existing scholarship in four ways First although each of the major dimensions of the inquiry the operation of the criminal justice system the conduct of the royal administration and the management of the monarchy s finances has a large and increasingly sophisticated historical literature this is the first study to combine them in a systematic way Second the long time period covered in the book not only enables the historian to distinguish gradual from rapid change but it also allows the reader to view how the system functioned in different historical contexts Third the study is based on archival sources throughout France This comprehensive approach permits the identification of elements of a common experience without sacrificing attention to important aspects of regional diversity Finally with respect to the sources themselves the range is broad encompassing regulatory acts and decisions of the king s councils administrative correspondence at the central regional and in some cases local levels financial accounts and related papers and court records from the major appellate courts and from several lower courts as well An appendix of 33 tables lists figures of annual expenditure and other pertinent financial operations for each of the major financial districts of the kingdom *Canada and Its Provinces: The Province of Quebec.- v.17-18.
