**Introduction to Ethical Literary Criticism** Nie Zhenzhao,2023-09-15 The title is a thorough introduction to ethical literary criticism a critical methodology designed to interpret literature from the perspective of ethics including a whole set of concepts theories and working mechanisms Drawing on ideas from both Western ethical criticism and the Chinese tradition of moral criticism ethical literary criticism contrasts with the former in its occasional lack of a theoretical foundation and applicable methodologies and the latter that tends to make subjective moral judgments Its most groundbreaking argument is that while natural selection answers how humans are different from animals physically ethical selection endows human beings with reason and ethical consciousness The ethical nature and edifying function of literature is therefore asserted seeking to unfold in the literary text the ethical choices of human beings as a way to complete ethical selection in society within historical context The arguments and theoretical toolbox inject a unique ethical dimension into literary criticism and help understand anew the ethical and social potency of literature The theoretical elucidation exemplary textual analyses and a supplement of key terminologies and ancillary materials make this book an essential guide for students and general readers interested in ethical literary criticism and scholars of literary criticism ethical criticism and

*The Fourth Monkey* Lakshmy Menon Chatterjee,2014-10-02 Visions of dawnpainted through words A womans  
helplessness revealed through poetic meter Ideas frustrations and contemplation come to life through rhyme and rhythmic  
cadence These poems are written to draw readers into thinking and reacting The emphasis is more on the meanings of the  
words than the words themselves Here is an excerpt of one of the poems Those eyes once alive and joyful Now look so vacant  
That face once so beautiful Is now wrinkled and decadent There are more faces like this With eyes that long for affection  
Their only fault lies in this That old age is their affliction Do not forget their contribution Do not forget their kind heartedness  
Do not engage in retribution Against those who once gave you happiness The title of this book *The Fourth Monkey* is also the  
title of one of Lakshmys poems in this collection and more or less encompasses the underlying theme of this book Every poem  
in this collection has a purpose whether it is to speak up against archaic beliefs or unjust practices contemplate on the  
complications of relationships or life or simply appreciate natures bounty and the other good things life has to offer
