*The Magnitude of the Word* John W Blake, 2011-09-28 For centuries people have asked what the Bible teaches about the end of the world John W Blake created a work that allows factual signs of the Bible to form by themselves the direction and content of each subject thus allowing the reader to see what the Bible itself teaches The Magnitude of the Word helps the reader to explore what the Bible says about the end of the world and their fate It identifies the Two Witnesses unequivocally In the Old and New Testament Satans activities are exposed It also explains the reasons for the Great Tribulation assures comfort for those within it and also describes the beast its mark and the Antichrist with the beasts image The Day of the Lord is clarified by revealing not only the Second Coming of Christ but the thousand years wrath of God upon the lost the Battle of Armageddon and the final judgment This book also investigates biblical passages and scrutiny of Daniels symbolic seventieth week to help augment the range and tone of the information examined

This Side of the Whirlwind Steven R. Harrel, 2016-04-15 Christians are being deceived Until now the Body of Christ has enjoyed less than the whole truth regarding The End Times in fact less than half Is it any wonder the current End Times doctrines are so muddled and missing volumes of prophetic information Discover why the prophets Daniel and John concealed important End Times facts Learn the significance of the Great Consummation message the second half to the Covenant of Jesus Christ Confront the final chapters which unveil the grand conclusion to Gods extraordinary plans for the greatest story ever told This Side of the Whirlwind provides evidence our world is heading for more than a single apocalypse Information within its pages will certify the Great Tribulation is neither Gods Wrath nor His plan for Christs return Uncover previously hidden biblical facts which confirm the first apocalypse will forcefully separate True Christians the Sheep from the Goats Recent revelation will also prove the Rapture cannot take place before the tribulation period has been fulfilled thus negating any possibility a Pre tribulation Rapture event could exist All this and more will be firmly established and confirmed in This Side of the Whirlwind

**The Time Is Near** Ian Foley, 2016-05-31 The Time Is Near the second and final

volume of a paired set builds upon the foundations laid in the first volume to offer a comprehensive and systematic interpretation and explanation of the final book of the Bible Revelation The author Ian Foley summarizes the findings of the first volume before turning to an exploration of this often misunderstood biblical book This volume explains how two books of apocalyptic literature Daniel and Revelation have similar structures display similar styles of writing and offer seamlessly connecting content The benefit of this comparison comes in recognizing that the ambiguities and confusions of meaning that typically accompany readings of Revelation fade away The reader then receives a clear view of a complete prophetic picture of Gods plan for his world stretching from 605 BC to the end of this age and beyond In its thirty two parts The Time Is Near presents concise statements of position that begin with Daniel dwell on Jesus and Paul and then focus primarily on Revelation By offering this overall summary of a clear word of prophecy and by supporting it with immersion in the Bible and reflection on historical events The Time Is Near invites readers reflection and testing In a time in which the worldwide church faces great challenges The Time Is Near speaks clearly of refreshingly new insights that will help Christians to face those challenges and to resolve their uncertainties about the meaning of Revelation for this world and the next The Legends of the Jews Louis Ginzberg,1913 **An Old Testament commentary for English readers, by various writers, ed. by C.J.
