Fragile Respectability:

A Fragile Respectability Helen Turner, 1992 **The Lodger (Summarized Edition)** Marie Belloc Lowndes, 2026-01-10

The Lodger refashions the Ripper myth into domestic terror When the cash strapped Buntings let a room to the reserved Mr Sleuth a series of Avenger murders in fog bound London creeps toward their doorstep Lowndes sustains dread through tight focalization chiefly Mrs Bunting s anxious gaze measured rhythms and scrupulous detail An heir to sensation fiction and a precursor to psychological noir it probes respectability class precarity and the press s manufacture of panic Marie Belloc Lowndes a Franco English Catholic and seasoned journalist drew on reportage and notorious crimes for narrative spark A dinner table tale of a landlady who suspected her lodger prompted a 1911 story expanded into this 1913 novel Sister to Hilaire Belloc she brought a sharp sense of female domestic vulnerability and the ethics of witness repositioning crime from the alley to the parlor For readers who prize atmosphere over puzzle this novel remains a bracing study of complicity fear and urban modernity s psychic toll The Lodger is essential for students of crime fiction admirers of Hitchcock s early cinema and anyone curious how a quiet room can become the most perilous space in London Quickie Classics summarizes timeless works with precision preserving the author s voice and keeping the prose clear fast and readable distilled never diluted Enriched Edition extras Introduction Synopsis Historical Context Brief Analysis 4 Reflection Q As Editorial Footnotes **At the Breast** Linda Blum, 2000-06-09 In our ironic postfeminist age few experiences inspire the kind of passions that breastfeeding does For advocates breastfeeding is both the only way to supply babies with proper nutrition and the bond that cements the mother child relationship Mother s milk remains natural in a world of genetically modified produce and corporate health care But is it a realistic option for all women And can a well intentioned insistence on the necessity of breastfeeding become just another way to cast some women as bad mothers Linda M Blum is author of *Between Feminism and Labor The Significance of the Comparable Worth Movement* She teaches sociology and women s studies at the University of New Hampshire and wrote this book while a Bunting Fellow at the Radcliffe Institute for Advanced Study **Surviving Rome** Kim Bowes, 2025-11-04 A radical revision and worker s eye view of everything we thought we knew about the ancient Roman economy The story of ancient Rome is predominantly one of great men with great fortunes Surviving Rome unearths another history one of ordinary Romans who worked with their hands and survived through a combination of grit and grinding labor Focusing on the working majority Kim Bowes tells the stories of people like the tenant farmer Epimachus Faustilla the moneylender and the pimp Philokles She reveals how the economic changes of the period created a set of bitter challenges and opportunistic hustles for everyone from farmers and craftspeople to day laborers and slaves She finds working people producing a consumer revolution making and buying all manner of goods from fine pottery to children s toys Many of the poorest working people probably pieced together a living from multiple sources of income including wages And she suggests that Romans most daunting challenge was the struggle to save Like many modern people saving enough to buy

land or start a business was a slow precarious slog Bowes shows how these economies of survival were shared by a wide swath of the populace blurring the lines between genders ages and legal status Drawing on new archaeological and textual evidence *Surviving Rome* presents a radical new perspective on the economy of ancient Rome while speaking to the challenges of today's laborers and gig workers surviving in an unforgiving global world [Charles Gildon's *The Life of Mr Thomas Betterton, the Late Eminent Tragedian*](#) David Roberts, 2025-04-29 Roberts reveals how Gildon's fusion of biographical study with neoclassical aesthetics and theatrical theory makes *The Life* an essential text for understanding early eighteenth century performance Charles Gildon's *The Life of Mr Thomas Betterton* is a landmark text in English theatrical biography First published in 1710 it not only commemorated the death of Thomas Betterton the most renowned English actor of his era but is the first major study in English to focus on an actor's craft rather than his personal life However despite its pioneering nature Gildon's work has long been overshadowed by controversy With one quarter of the text copied from a French oratorical treatise many readers and scholars dismissed it as a plagiarized work This first modern edition reassesses the value of a text that is part biography part textbook and part borrowed from French sources Here David Roberts reframes *The Life* as an essential resource not only for theatre history and life writing but also for the study of publishing practices and early theories of plagiarism Furthermore as in Gildon's original publication Roberts presents the *Life* with Betterton's comedy *The Amorous Widow* In a comprehensive introduction Roberts explores Gildon's relationships with both his publishers and with Betterton himself presenting the *Life* as a classical dialogue based on a personal knowledge of the actor It also sheds light on how Gildon exploited early definitions of plagiarism balancing his unacknowledged borrowings with original insights into acting theory With old spelling and detailed annotations this edition provides a rich foundation for understanding Gildon's impact on theatre publication and the evolving standards of intellectual property *Academies, Museums, and Canons of Art* Gillian Perry, Colin Cunningham, 1999-01-01 This is the first of six books in the series *Art and its Histories* which form the main texts of an Open University second level course of the same name Preface **South Asian Cinemas** Sara Dickey, Rajinder Dudrah, 2018-10-24 This path breaking collection explores the breadth and depth of South Asia's many vibrant cinemas It extends well beyond Bollywood to Nepali Sri Lankan Pakistani Panjabi Bhojpuri Bengali Kannada and early Tamil cinemas while unpacking the category of Bollywood itself The coverage of cinematic features is equally far ranging exploring music dance audiences filmmakers industries and the mutual influences among South Asia's cinemas With a mix of ethnographic historical auteur and textual approaches this exciting collection presents the first wide reaching analysis of South Asian cinemas The nine chapters include a new theoretical and historical engagement by the co editors about the burgeoning area of South Asian cinemas in the academy as well as original research by young and established scholars From historical to contemporary considerations to close analyses and empirical material from fieldwork to a rich and revealing photographic essay this collection will be novel reading for a new generation of work into an
