**The Fourth Crusade and the Sack of Constantinople** Jonathan Phillips,2005-03-29 In 1202 zealous Western Christians gathered in Venice determined to liberate Jerusalem from the grip of Islam But the crusaders never made it to the Holy Land Steered forward by the shrewd Venetian doge they descended instead on Constantinople wreaking terrible devastation The crusaders spared no one They raped and massacred thousands plundered churches and torched the lavish city By 1204 one of the great civilizations of history had been shattered Here on the eight hundredth anniversary of the sack is the extraordinary story of this epic catastrophe told for the first time outside of academia by Jonathan Phillips a leading expert on the crusades Knights and commoners monastic chroniclers courtly troubadours survivors of the carnage and even Pope Innocent III left vivid accounts detailing the events of those two fateful years Using their remarkable letters chronicles and speeches Phillips traces the way in which any region steeped in religious fanaticism in this case Christian Europe might succumb to holy war

**The Fourth Crusade** Donald E. Queller,Thomas F. Madden,Alfred J. Andrea,1999-09-02 This revised and expanded edition of *The Fourth Crusade* gives fresh emphasis to the events in Byzantium and the Byzantine response to the actions of the Crusaders

[The Fourth Crusade](#) Michael J Angold,2015-11-17 *The Fourth Crusade 1202 4* was one of the key events in medieval history The fall of Constantinople to the Venetians and the soldiers of the fourth crusade in April 1204 was its climax It ensured that Byzantium's days as a great power were over It equally ensured that westerners would dominate the Levant the lands of the old Byzantine Empire until the end of the middle ages This book asks just how important was the Fourth as a turning point in the Middle East The broad setting is the encounter of Byzantium with the West within the framework of the crusades Differences of outlook and interest meant that this encounter was soon overburdened with mutual distrust 1204 was some kind of a solution and created situations scarcely conceivable even two years before when the fourth crusade set sail from Venice

murdered raped looted and destroyed on a scale which even the ancient Vandals and Goths would have found unbelievable Speros Vryonis Byzantium and Europe The Fourth Crusade from 1202 1204 is significant in medieval history because it was the first time a crusade was directed against another Christian group It was also significant since it encompassed two of the four major sieges of Constantinople and it also sparked a third in 1235 an unsuccessful attempt to reverse the Latin gains in 1204 Given that legacy it s ironic that like the Crusades before it the Fourth Crusade was originally intended as an invasion of Egypt which had been conquered by Saladin and his uncle nearly four decades earlier Egypt had been joined with Syria into one Muslim empire under Saladin but it had fallen apart into two separate realms after his death shortly after the Third Crusade in 1193 Following that crusade the main objective of the Crusaders in the 13th century was to conquer Egypt and use it as a beachhead against the Muslims in Syria who threatened Christian Palestine a goal that should have been beneficial to all of Christendom in both the West and East Instead during the Fourth Crusade tensions between the Latin Christians of Western Europe and the Greek Christians of Constantinople came to a head after a century and three previous Crusades This resulted in a critical breakdown of communications that resulted in an internal war within Christendom and led to the sack of Constantinople by the Crusaders After this the Crusaders established a Latin Kingdom in Constantinople for nearly 60 years but it remained shaky and was eventually retaken by the Byzantine Greeks The Fourth Crusade was also a result of the imperialist ambitions of Pope Innocent III one of the strongest and proudest popes of the Middle Ages and it was a precursor of the Albigensian Crusade the first true internal crusade With that the Latin Christians began to lose focus on the dwindling territories in Palestine and instead Christians fell upon each other engaging in Crusades against other Christian groups and bleeding much needed support from the Latin kingdoms in Palestine In the west the Fourth Crusade also saw the rise in power of the Byzantines most bitter rivals in the West the Venetians and Genoese The Venetian Doge was later blamed for inciting the Crusaders to fall upon his Byzantine enemies and while the situation was more complicated than that the involvement of the Venetians in the altered direction of the Crusade cannot be denied Thus even though no one realized it at the time the Fourth Crusade was the turning point for the Crusades after this one the slow decline toward the Latin Christians losing the Holy Land became inevitable Constantinople whether as a Greek or a Latin Empire was also fatally weakened and would eventually fall to the Ottoman Turks in 1453 long after the end of the Crusades The Fourth Crusade would inevitably lead to the fall of the Crusader states less than a century later and also the fall of Constantinople two and a half centuries later to the Muslims The latter would be a permanent loss to Christianity while Christian forces would not regain control of Palestine until the 20th century The Fourth Crusade The History of the Crusade that Resulted in the Sack of Constantinople chronicles one of the most controversial events of the Middle Ages Along with pictures of important people places and events you will learn about the 4th Crusade like never before in no time at all [The Fourth Crusade: Event, Aftermath, and Perceptions](#) Thomas F. *History of the Fourth Crusade* Edwin Pears, 2018-01-19 The Greek speaking Roman empire at the end of the twelfth century was very much smaller than it had once been It is no part of my purpose to trace the history of its decline further than to show what were the immediate causes which led to its weakness in 1203 when the Fourth Crusade effected what is generally known as the Latin Conquest of Constantinople In the year 1200 the territory over which the Roman emperor in the East ruled no longer included any part of Italy or Sicily Cyprus had been taken possession of by our Richard the Lion hearted in 1190 and never again came under the sway of the emperors The Saracens had captured some of the fairest Asiatic provinces which had owned allegiance to Constantinople The successes of the Crusaders had for a time established a kingdom of Jerusalem and had won a considerable number of important places from the enemy but as the century closed nearly all of them had been lost
