(Un)Doing Europe Michał Krzyżanowski, Florian Oberhuber, 2007 After successive waves of enlargement the European Union has been struggling with political integration The project of the constitutionalisation of the EU was therefore launched to cater to a growing need of institutional reform but it also intensified debates about the underlying conceptions norms and values of the European polity as well as the meanings and identities of entire Europe This book approaches the ongoing legal and political re construction of the EU through a focus on the Convention on the Future of Europe 2002 2003 which produced a draft of the EU s first constitution The Convention is studied from a multidisciplinary perspective integrating approaches from ethnography of institutions political sociology and linguistically based discourse analysis Drawing on extensive fieldwork and multiple textual data the book offers an inside perspective on the multitude of ways in which politics in supranational environments works in practice The book also contributes to the ongoing research on the discursive re negotiations of meanings of Europe and European integration in the institutions of the European Union

The Discursive Construction of European Identities Michał Krzyżanowski, 2010 This book looks at the discursive construction of European identities in a variety of institutional and non institutional contexts and through a variety of social and political actors Its multilevel and interdisciplinary approach rooted in the Discourse Historical tradition of Critical Discourse Analysis allows for a comparison of identity constructions at different levels of Europe s social and political organisation and in different modes of communication The book analyses discourses as diverse as those of the EU politicians of Europe s national media as well as of migrants living in Europe It offers a set of integrated models and analytical procedures which bring to the fore the inherent dynamism and complexity of both bottom up and top down European identity constructions
