Kirsh, 2019-05-17 Parenting is difficult under the best of circumstances but extremely daunting when humanity faces cataclysmic annihilation When the dead rise hardship violence and the ever present threat of flesh eating zombies will adversely affect parents and children alike Depending on their age children will have little chance of surviving a single encounter with the undead let alone the unending peril of the Zombie Apocalypse The key to their survival and thus the survival of the species will be the caregiving they receive Drawing on psychological theory and real world research on developmental status grief trauma mental illness and child rearing in stressful environments this book critically examines factors influencing parenting and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead **CEO Daddy, Take It Easy** Tang
