Five Views On Apologetics:

Five Views on Apologetics Steven B. Cowan, William Lane Craig, 2000 A multiple view book on apologetic methods this material deals with a very relevant topic in the midst of a changing culture Its primary contributors are William Lane Craig Gary R Habermas Paul D Feinberg John M Frame and Kelly James Clark [A Brief Guide to Ideas](#) William Raeper, Linda Edwards, 2000 A popular introduction to the history of Western religion and philosophy this volume contains information on all familiar names in the fields as well as more obscure contributors to the broad scope of intellectual pursuit **The Clarity of God's Existence** Owen Anderson, 2008-07-23 The Clarity of God's Existence examines the need for theistic proofs within historic Christianity and the challenges to these since the Enlightenment Historically and scripturally Christianity has maintained that unbelief is inexcusable If failing to know God is a sin the implication is that humans can and should know God Humans should know God because his eternal power and divine nature are clearly revealed in the things that are made And yet Anderson argues more time is spent on avoiding the need for clarity to establish inexcusability than on actually providing an argument or proof Proofs that rely on Aristotle or Plato and that establish a Prime Mover or designer are thought to be sufficient But the adequacy of these not only to prove the God of theism but also to prove anything at all has been called into question by Enlightenment thinkers like David Hume After considering the traditional proofs and tracing the history of challenges to theistic proofs from Hume to Kant and down to the twentieth century Anderson argues that the standard methods of apologetics have failed to sufficiently respond Classical Apologetics Evidentialism Presuppositionalism Reformed Epistemology and others fail to adequately answer the challenges of the Enlightenment If this is the case what is the outcome for Christianity Anderson offers an explanation as to why traditional proofs have failed and for what is necessary to offer a proof that not only responds to Hume and Kant but also establishes the clarity of God's existence The traditional proofs failed precisely in not aiming at the clarity of God's existence and they failed in this because of a faulty view of the goal of Christian life If the blessed life is to be attained in a direct vision of God in heaven then there is little to no reason to ask for more than the bare minimum required to get into heaven justification Furthermore if the highest blessing is this direct vision then the glory of God revealed in his work is considered as less important and even set aside By way of contrast if God's eternal power and divine nature are clearly revealed in his works and the blessing comes in knowing God then it is of the utmost importance for Christianity to demonstrate the clarity of God's existence [Four Views on Heaven](#) Zondervan, 2022-01-18 Discover and understand the different Christian views of what heaven will be like Christians from a variety of denominations and traditions are in middle of an important conversation about the final destiny of the saved Scholars such as N T Wright and J Richard Middleton have pushed back against the traditional view of heaven and now some Christians are pushing back against them for fear that talk about the earthiness of our final hope distracts our attention from Jesus In the familiar Counterpoints format *Four Views on Heaven* brings together a well rounded discussion and highlights

similarities and differences of the current views on heaven Each author presents their strongest biblical case for their position followed by responses and a rejoinder that model a respectful tone Positions and contributors include Traditional Heaven our destiny is to leave earth and live forever in heaven where we will rest worship and serve God John S Feinberg Restored Earth emphasizes that the saved will live forever with Jesus on this restored planet enjoying ordinary human activities in our redeemed state J Richard Middleton Heavenly Earth a balanced view that seeks to highlight both the strengths and weaknesses of the heavenly and earthly views Michael Allen Roman Catholic Beatific Vision stresses the intellectual component of salvation though it encompasses the whole of human experience of joy happiness coming from seeing God finally face to face Peter Kreeft The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

Brewer, 2026-02-17 If God is the creator of all might creation itself not provide us with ways of seeing God that enrich our understanding that connect our desire for God with our life in creation Natural theology has been a feature of Christian thinking for centuries but it has also been misunderstood and maligned What exactly is natural theology and how might it help us in our pursuit to know and understand God In *Understanding Natural Theology* theologian and scholar Christopher R Brewer considers several different versions of natural

theology and their proponents including David Brown Alvin Plantinga C Stephen Evans Thomas F Torrance and even Karl Barth a noted critic of natural theology Through this study readers will come to understand not only what natural theology is but also how it can serve in our collective pursuit to understand God

McGrath and Evangelical Theology Sung Wook Chung,2003 Alister McGrath is one of the premier evangelical theologians of our day In this book leading evangelical scholars including Gabriel Fackre John Frame William Abraham Gerald Bray and Clark Pinnock use McGrath s work as a lens through which to offer a contemporary assessment of evangelical theology The volume sets McGrath in context and argues that a dynamic brand of evangelical theology such as what his thinking represents is necessary for the evangelical wing of the church to be *semper reformanda* always reforming Chapters focus on the essence identity strengths weaknesses and future of evangelical theology offering a snapshot of a movement in transition
