## **Environmental Anarchy:**

*Colin Ward and the Art of Everyday Anarchy* Sophie Scott-Brown, 2022-07-22 Colin Ward and the Art of Everyday Anarchy is the first full account of Ward's life and work. Drawing on unseen archival sources as well as oral interviews, it excavates the worlds and words of his anarchist thought, illuminating his methods and charting the legacies of his enduring influence. Colin Ward (1924–2010) was the most prominent British writer on anarchism in the 20th century. As a radical journalist, later author, he applied his distinctive anarchist principles to all aspects of community life, including the built environment, education, and public policy. His thought was subtle, universal in aspiration, international in implication, but at the same time deeply rooted in the local and the everyday. Underlying the breadth of his interests was one simple principle: freedom was always a social activity. This book will be of interest to students, scholars, and general readers with an interest in anarchism, social movements, and the history of radical ideas in contemporary Britain.

**New Perspectives on Anarchism** Nathan J. Jun, Shane Wahl, 2010-01-01 The study of anarchism as a philosophical, political, and social movement has burgeoned both in the academy and in the global activist community in recent years. Taking advantage of this boom in anarchist scholarship, Nathan J. Jun and Shane Wahl have compiled twenty-six cutting-edge essays on this timely topic in *New Perspectives on Anarchism*.

*Environmental Anarchy?* Mark Beeson, 2021-07-23 This book explains why insecurity has become such a ubiquitous feature of life in the 21st century and why policymakers, strategic analysts, and many scholars are failing to recognise or address its underlying causes.

**Anarchism** A.M. Buckley, 2011-01-01 This title examines anarchism in world history from the writings of Greek philosophers through the Age of Enlightenment, the Spanish Civil War, World Wars I and II, to today. Influences such as Howard Zinn, Murray Bookchin, Jean-Jacques Rousseau, Denis Diderot, Gustav Landauer are examined. Notable leaders of the movement such as Pierre-Joseph Proudhon, Mikhail Bakunin, Peter Kropotkin, Francisco Ferrer, Emma Goldman, Max Stirner, and Nestor Makhno are introduced, as are prominent authors such as Richard S. Tedlow, Alexander Berkman, Herbert Read, and Guy Debord. Important institutions such as the International Workingmen's Association, Institute for Social Ecology, Second International, Ferrer Center, and Modern School and Situationist International are also introduced. Important events such as the Paris Commune, Haymarket Square riots, and the trial of Nicola Sacco and Bartolomeo Vanzetti are covered. *Exploring World Governments* is a series in Essential Library, an imprint of ABDO Publishing Company.

**Debating Anarchism** Mike Finn, 2021-08-12 This timely book introduces readers to anarchism's relationship to broader history, offering not only a history of anarchism in the modern period but a critical introduction to debates on anarchist history. Attention thus far has been biased towards intellectual history, and key thinkers such as Proudhon, Bakunin, and Kropotkin, but these studies have neglected the social movements and spaces which have seen anarchy in action and marginalised the role of women and voices beyond Europe and the United States. *Debating Anarchism* offers a different perspective, engaging with women's anarchist experiences and grounding recent historical work on anarchism in a global

perspective Interrogating anarchism as a concept a movement and a social reality the author guides the reader through the origins of anarchism in the age of revolutions assessing experiences of anarchy in Russia Spain India and beyond Tracing the development of the beautiful idea through the 20th century Finn explores anarchism in the Cold War world through to postmodernity and the 21st century This volume situates anarchism in the broader historiographies of the modern world offering a unique starting point for students of history politics and philosophy seeking to understand the abiding power of the beautiful idea a society without government

**Anarchist Pedagogies** Robert H. Haworth, 2012-08-01 Education is a challenging subject for anarchists Many are critical about working within a state run education system that is embedded in hierarchical standardized and authoritarian structures Numerous individuals and collectives envision the creation of counterpublics or alternative educational sites as possible forms of resistance while other anarchists see themselves as saboteurs within the public arena believing that there is a need to contest dominant forms of power and educational practices from multiple fronts Of course if anarchists agree that there are no blueprints for education the question remains in what dynamic and creative ways can we construct nonhierarchical anti authoritarian mutual and voluntary educational spaces Contributors to this edited volume engage readers in important and challenging issues in the area of anarchism and education From Francisco Ferrer s modern schools in Spain and the Work People s College in the United States to contemporary actions in developing free schools in the U K and Canada to direct action education such as learning to work as a street medic in the protests against neoliberalism the contributors illustrate the importance of developing complex connections between educational theories and collective actions Anarchists activists and critical educators should take these educational experiences seriously as they offer invaluable examples for potential teaching and learning environments outside of authoritarian and capitalist structures Major themes in the volume include learning from historical anarchist experiments in education ways that contemporary anarchists create dynamic and situated learning spaces and finally critically reflecting on theoretical frameworks and educational practices Contributors include David Gabbard Jeffery Shantz Isabelle Fremeaux John Jordan Abraham P DeLeon Elsa Noterman Andre Pusey Matthew Weinstein Alex Khasnabish and many others
