Getting Us Into War:

War Referendum United States. Congress. Senate. Committee on the Judiciary,1939 **Herbert Hoover** Joan Hoff
Wilson,1992-11-12 This interesting and insightful book examines the life of one of America s least favored presidents with a
sensitive and objective eye Herbert Hoover s career followed a pattern familiar in the history of the United States humble
beginnings surmounted by hard work and tremendous ambition wealth public service and eventually the presidency From his
Quaker youth he acquired morals and values that he would preserve throughout his entire life These values ultimately
created an unbridgeable gulf between him and U S citizens as he confronted the Great Depression soon after taking office
There would always be little comprehension between the president and the people who looked to him for leadership He died
unpopular and isolated disowned by his own party embittered by the lack of understanding and convinced that the burden of
blame for the depression had been thrust on him unfairly This volume seeks to shed light not only on the man and his career
but also on the evolving nation that rejected him Congressional Record United States. Congress,1941 American
