**Friedrich Armand Strubberg, James C.  
Kearney**

## **Gillespie County A View Of Its Past:**

**Gillespie County, a View of Its Past** Monty Mohon, Michelle Mohon, 1996 **Directory of Historical Organizations in the United States and Canada** American Association for State and Local History, 2002 This multi functional reference is a useful tool to find information about history related organizations and programs and to contact those working in history across the country

**Friedrichsburg** Friedrich Armand Strubberg, James C. Kearney, 2012-05-01 Founded in 1846 Fredericksburg Texas was established by German noblemen who enticed thousands of their compatriots to flee their overcrowded homeland with the prospect of free land in a place that was portrayed as a new Garden of Eden Few of the settlers however were prepared for the harsh realities of the Texas frontier or for confrontation with the Comanche Indians In his 1867 novel *Friedrichsburg* Friedrich Armand Strubberg a k a Dr Schubbert interwove his personal story with a fictional romance to capture the flavor of Fredericksburg Texas during its founding years when he served as the first colonial director Now available in a contemporary translation *Friedrichsburg* brings to life the little known aspects of life among these determined but often ill equipped settlers who sought to make the transition to a new home and community on the Texas frontier Opening just as a peace treaty is being negotiated between the German newcomers and the Comanches the novel describes the unlikely survival of these fledgling homesteads and provides evidence that support from the Delaware Indians as well as the nearby Mormon community of Zodiac was key to the Germans success Along the way Strubberg also depicts the laying of the cornerstone to the Vereinskirche the blazing of an important new road to Austin exciting hunting scenes and an admirable spirit of cultural cohesion and determined resilience In so doing he resurrects a fascinating lost world

**The Orphan** Carlos Juenke, 2010-12-22 150 years ago our forefathers declared war against themselves Six hundred and forty thousand would die Nowhere was this more tragic than in the Texas Hill Country where a group of young German emigrants new citizens chose confrontation rather than concede to the confederacy It cost many of them their lives It is a little known story of courage and heroism detailed in a genealogy book *THE ORPHAN THE CASPAR FRITZ STORY* An orphaned German emigrant Caspar Fritz survived the perils of emigration mob lynching murders and conflict during the Civil War His ancestors now number in the thousands His story is told by his namesake and great grandson Carlos Caspar Juenke

**More Ghost Towns of Texas** T. Lindsay Baker, 2005-08-01 A companion volume to *Ghost Towns of Texas* provides readers with histories maps and detailed directions to the most interesting ghost towns in Texas not already covered in the first volume Reprint

**Polygamy on the Pedernales** Melvin C Johnson, 2006-03-31 In the wake of Joseph Smith Jr s murder in 1844 his following splintered and some allied themselves with a maverick Mormon apostle Lyman Wight Sometimes called the Wild Ram of Texas Wight took his splinter group to frontier Texas a destination to which Smith before his murder had considered moving his followers who were increasingly unwelcome in the Midwest He had instructed Wight to take a small band of church members from Wisconsin to establish a Texas colony that would prepare the ground for a mass

migration of the membership Having received these orders directly from Smith Wight did not believe the former's death changed their significance If anything he felt all the more responsible for fulfilling what he believed was a prophet's intention Antagonism with Brigham Young and the other LDS apostles grew and Wight refused to join with them or move to their new gathering place in Utah He and his small congregation pursued their own destiny becoming an interesting component of the Texas frontier where they had a significant economic role as early millers and cowboys and a political one as a buffer with the Comanches Their social and religious practices shared many of the idiosyncracies of the larger Mormon sect including polygamous marriages temple rites and economic cooperatives Wight was a charismatic but authoritarian and increasingly odd figure in part because of chemical addictions His death in 1858 while leading his shrinking number of followers on yet one more migration brought an effective end to his independent church
