Heavenly Deception Maggie Brooks,1987 *Heavenly Deception* Chris Elkins,1980 One man s spiritual descent into the very core of the moonies Cover page Evangelical-Unification Dialogue Richard Quebedeaux,Rodney Sawatsky,1979

Unification Church J. Isamu Yamamoto,2016-09-06 The Unification Church and its founder Dr Sun Myung Moon have been in the center of controversy because of their recruiting practices their financial holdings and their authoritarian style including arranged mass marriages Most controversial in terms of its teachings in Dr Moon s claim to be a new Messiah who will finish what Jesus left undone Is he the Messiah and is his Diving Principle the third testament of the Bible Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

Unmasking the Cults Alan W. Gomes,2009-12-15 In this introduction to the Zondervan Guide to Cults and Religious Movements Dr Gomes defines the characteristics of a cult of Christianity and why such a group subverts the search for spiritual truth He explains the emotional and spiritual appeal of cults who is susceptible and the techniques cult leaders use to attract members This book in dealing with a wide range of issues relating to cults and religious movements in general complements the other books in the series all of which focus on specific religious groups Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys Except for this book each book in the series has five sections A concise introduction to the group An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that

shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood *Theological Works: The heavenly arcana disclosed ... which are in Genesis ([v. 1-11]) [and] in Exodus ([v. 12-19]) Emanuel Swedenborg,1907*
