The Lincoln Library of Essential Information, 1924 *Budapest's Children* Friederike Kind-Kovács, 2022-07-05 In the aftermath of World War I, international organizations descended upon the destitute children living in the rubble of Budapest, and the city became a testing ground for how the West would handle the most vulnerable residents of a former enemy state. *Budapest's Children* reconstructs how Budapest turned into a laboratory of transnational humanitarian intervention. Friederike Kind-Kovács explores the ways in which migration, hunger, and destitution affected children's lives, casting light on children's particular vulnerability in times of distress. Drawing on extensive archival research, Kind-Kovács reveals how Budapest's children, as iconic victims of the war's aftermath, were used to mobilize humanitarian sentiments and practices throughout Europe and the United States. With this research, *Budapest's Children* investigates the dynamic interplay between local Hungarian organizations, international humanitarian donors, and the child relief recipients. In tracing transnational relief encounters, *Budapest's Children* reveals how intertwined postwar internationalism and nationalism were, and how child relief reinforced revisionist claims and global inequalities that still reverberate today.
