Crawford,1998 If you plan to portray a national icon in less than heroic terms you had better be prepared for a fight as Richard Aldington learned even before the publication of his 1955 biography Lawrence of Arabia A Biographical Enquiry Fred D Crawford provides the first examination of all major parties and points of view embroiled in the controversy generated by Aldington s biography of T E Lawrence In two years of research Aldington made major discoveries including the extent to which Lawrence had cooperated with Lowell Thomas Robert Graves and B H Liddell Hart in the creation of the Lawrence legend For this and other reasons Aldington concluded that Lawrence was a charlatan a poseur and a fraud Upon learning of Aldington s antagonism to Lawrence a year before Aldington s book appeared a powerful group including B H Liddell Hart Robert Graves A W Lawrence and other Lawrence partisans worked behind the scenes to suppress and denigrate Aldington s biography These attempts Crawford notes reveal a great deal about how private interests can determine what the public is allowed to read **Culture in Camouflage** Patrick Deer,2009-03-26 Examines how literary writers including Ford Madox Ford Siegfried Sassoon Wilfred Owen James Hanley Evelyn Waugh Graham Greene and others countered the war culture promoted by mass media war planners and military historians **The Medievalism of Lawrence of Arabia** Malcolm D. Allen,1991-04-15 M D Allen s study deals with T E Lawrence s lifelong interest in the medieval world especially medieval literature and its considerable influence on his view of himself and of the Arabs with whom he fought in an archaic theater of war and hence his own literary production The Medievalism of Lawrence of Arabia investigates the influence Lawrence s interest in medieval life and literature had on his attitudes toward life in general and in content theme and diction on his masterpiece Seven Pillars of Wisdom in particular Allen begins with a brief biography of Lawrence his early interest in things medieval and his somewhat controversial BA thesis on crusader castles Allen then reveals the extent to which Lawrence s ideas about honor warfare and chivalry in the Arab war against the Turks were shaped by his reading in medieval writings such as Malory s Morte d Arthur Both as he makes clear were warrior societies dominated by horses Lawrence s reading in the nineteenth century medievalism is also explored as in Tennyson s Idylls of the King and Ruskin s writing on art where the parallel between Ruskin s ideas on ornament and Lawrence s ideas

about the dignity of war is demonstrated Allen then identifies the medieval and neomedieval texts of Seven Pillars of Wisdom and shows why and to what effect Lawrence borrowed from chivalric neochivalric and pseudochivalric works and sometimes transmogrified them revealing Lawrence's greatest inspiration to be an English translation of the Moallakat which is so to speak the Arabic Beowulf Allen sheds new light on many aspects of the influence of medievalism on Lawrence's thought and writing
