Educational Opportunity Alexander D. Singleton,2016-04-29 While in recent years the burgeoning Higher Education HE sector has been set an agenda of widening participation few HE institutions have strategies in place for reaching the full range of potential students most likely to benefit from and successfully complete their current subject and course offerings Universities and colleges are often unsystematic in the ways in which they identify schools and colleges for outreach and widening participation initiatives and sometimes uncoordinated in how they present the full institutional profile of subjects of study in these activities Using innovative methodology this book sets out some relevant aspects of the changing HE policy setting arena and presents a systematic framework for broadening participation and extending access in an era of variable fees In particular the book illustrates how HE data and publicly available sources might enable institutions to move from piecemeal analysis of their intake to institution wide strategic and geographical market area analysis for existing and potential subject and course offerings

Migrants and Markets Holger Kolb,Henrik Egbert,2008 Over the course of their interaction economics and migration research have treated each other with mutual indifference When migration research attempted to overstretch its bounds economics

reduced its analytical scope to those areas that originally seemed to belong to the genuine economic sphere This volume considers eleven case studies that aim to overcome the artificial barrier between the two disciplines by applying the economic method to migratory phenomena utilizing economic theories in order to explain migratory patterns and regarding the structure and development of markets as crucial to the shaping of population stocks and the flow of migrants
