Legendary Creature — Human Assassin Pirate 

At the beginning of your end step, create a Treasure token for each tapped Assassin, Pirate, and/or Vehicle you control.

Whenever a Vehicle you control deals combat damage to a player, look at the top card of that player's library, then exile it face down. You may play that card for as long as it remains exiled.

The Pirate Menace Angus Konstam,2024-05-09 This new account explores the most notorious pirates in history and how their rise and fall can be traced back to a single pirate haven Nassau Angus Konstam one of the world s leading pirate experts has brought his 30 years of research to create the definitive book on the Golden Age of Piracy Many of the privateers the British had used to prey on French and Spanish shipping during the War of the Spanish Succession turned to piracy The pirates took over Nassau on the Bahamian island of New Providence and turned it into their own pirate haven where shady merchants were happy to buy their plunder It became the hub of a pirate network that included some of the most notorious pirates in history Blackbeard Calico Jack Rackam Charles Vane and Bartholomew Roberts The growth of piracy led to a major surge in attacks in the Caribbean and along North America s Atlantic seaboard With the fragile maritime economy of the Americas threatened with collapse major ports were threatened and trade brought to a standstill the British government finally declared war on the pirates The Pirate Menace draws on extensive research as well as a wide range of first hand accounts to produce a new history of the heyday of historical piracy
