**Your Feelings Are Just: Dependence and Symbiosis, Transference and Projection** Edenilson Brandl, 2024-10-10 In a world driven by emotions relationships and personal connections we often assume that our feelings are the most authentic expressions of who we are But what if our emotions aren t purely ours What if they are shaped molded and influenced by the relationships we ve built the experiences we ve had and the unconscious patterns we continue to follow Your Feelings Are Just Dependence and Symbiosis Transference and Projection was born out of my own fascination with the complexities of human emotions and how they play a pivotal role in shaping our lives Over the years I have come to realize that many of our emotional experiences are not as personal or authentic as we may believe Rather they are reflections of deeper often unconscious psychological processes ones that are rooted in dependence symbiosis transference and projection This book is a journey into these often overlooked aspects of our emotional lives It aims to challenge the myth of emotional authenticity and help readers understand the ways in which their feelings are intertwined with those of others By examining how dependency symbiosis and projections manifest in our relationships we can begin to see the mechanisms that drive us to interpret our emotions in certain ways often without even realizing it Throughout the chapters we will explore how these

emotional dynamics impact our daily interactions whether with family friends romantic partners or even colleagues The goal is not to diminish the value of emotions but to provide a deeper understanding of their origins and to cultivate emotional autonomy By recognizing these patterns within ourselves we can break free from unhealthy cycles reclaim our personal identity and build more authentic relationships This book is an invitation to reflect on your own emotional experiences and to challenge the beliefs you hold about the nature of your feelings My hope is that by the end you will have a clearer sense of where your emotions come from and more importantly how to manage them in ways that promote healthier more fulfilling relationships Welcome to the exploration of your emotional landscape Together let s uncover the truth behind the feelings we often take for granted

**Emotional Dependency** Michèle COHEN,2018-11-27 Learn How to Understand and Overcome Emotional Dependency Stop Controlling Others and Be Codependent No More Did you think you were really in love only to lose those feelings of love after a few months You thought you were in love but did you discover that you needed help Difficulty to live without the other feeling of not being loved emotional dependency can cause great suffering and relational difficulties on a daily basis Whether in family couple work or friendship effective dependency is a barrier to healthy relationships with each other Always wanting to please to want to be loved at all costs we often forget to love ourselves and the consequences can weigh on our lives And yet we are all emotional addicts This book shows you how problematic and pathological emotional addicts demonstrate by their actions a real pathology of attachment and emotional immaturity that forces them to sink deeper and deeper into this addiction to the love of the other Then we will describe what in their childhood helped to install this addiction and how their emotional life dramatically suffers the harmful consequences of their addictive behaviors which they seem to not to know the root causes We will also discuss in this book the therapeutic approach that will allow these patients to understand why and how they have become entrapped in this addiction and above all to improve their relationships with themselves and others in order to free themselves from it There are many things to learn in order to enjoy life even when you are alone No longer being emotional dependent it is possible but for that you have to be ready to change in order to have a better life People who attach too much do not benefit from the relationships in which they are engaged they cling disproportionately to others and fail to feel good when alone Living in love and being loved in return is good but living in harmony with oneself is even healthier
