

810 DAYS IN CAPTIVITY

Guerrilla Hostage

The dramatic story of Ray Rising's
ordeal in the Colombian jungle

Denise Marie Siino

Guerrilla Hostage

Philip M. McVey

Guerrilla Hostage:

Guerrilla Hostage Denise Marie Siino, 1999 Ray Rising was a missionary working with an organization which translates the Bible into indigenous languages He was captured by guerrillas and held prisoner for over two years He continued to convey his Christian message to his captors He is very candid about his struggles with boredom loneliness and frustration as he was held in crude shelters in the dense jungles yet the book co written by a journalist never drags *Guerrilla Hostage* Siino Denise Marie, 2003 Hostage Nation Victoria Bruce, Karin Hayes, Jorge Enrique Botero, 2010-08-10 A blistering journalistic exposé an account of government negligence corporate malfeasance familial struggle drugs politics murder and a daring rescue operation in the Colombian jungle On July 2 2008 when three American private contractors and Colombian presidential candidate Ingrid Betancourt were rescued after being held for more than five years by the Revolutionary Armed Forces of Colombia FARC the world was captivated by their personal narratives But between the headlines a major story was lost Who exactly are the FARC How had a drug funded revolutionary army managed to hold so many hostages for so long Had our costly War on Drugs failed completely Hostage Nation answers these questions by exploring the complex and corrupt political and socioeconomic situations that enabled the FARC to gain unprecedented strength influence and impunity It takes us behind the news stories to profile a young revolutionary in the making an elite Colombian banker turned guerrilla and the hard driven American federal prosecutor determined to convict him on American soil and a former FBI boss who worked tirelessly to end the hostage crisis while the U S government disregarded his most important tool negotiation With unprecedented access to the FARC's hidden camps exceptional research and lucid and keen insight the authors have produced a revelatory work of current history *War Without Quarter* Human Rights Watch (Organization), 1998 The laws of war and Colombia **The Guerrilla and the Hostage** John E. Olson, 1994 *Victorious* Deann Alford, 2021-11-05 Vicious hate Deadly reprisal What can break through A compelling narrative tracing decades of conflict in a land oft named among the world's worst **Terrorist Recognition Handbook** Malcolm W. Nance, Desmond Wenger, 2017-09-20 First published in 2003 Terrorist Recognition Handbook A Practitioner's Manual for Predicting and Identifying Terrorist Activities remains one of the only books available to provide detailed information on terrorist methodology revealing terrorist motivation organizational structure planning financing and operational tactics to carry out attacks *The SAGE Encyclopedia of Terrorism, Second Edition* Gus Martin, 2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9/11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks

has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers

Performance and Civic Engagement Ananda Breed, Tim Prentki, 2017-11-17 This book explores civic engagement as a politically active encounter between institutions individuals and art practices that addresses the public sphere on a civic level across physical and virtual spaces Taking a multidisciplinary approach it tracks across the overlapping discourses of politics cultural geography and performance investigating how and why physical and digital spaces can be analysed and utilised to develop new art forms that challenge traditional notions of how performance is political and how politics are performative Across three sections Politicising Communities Applying Digital Agency and Performing Landscapes and Identities the ten chapters and three interviews cover a wide variety of international perspectives all informed by innovative ways of addressing the current crisis of social fragmentation through performance Providing access to many debates on the theory and practice of new media this book is of significance to readers from a broad set of academic disciplines including politics sociology geography and performance studies

People's War Thomas A Marks, Paul Rich, 2019-12-18 Far from being an anachronism much less a kit bag of techniques people s war raises what has always been present in military history irregular warfare and fuses it symbiotically with what has likewise always been present politically rebellion and the effort to seize power The result is a strategic approach for waging revolutionary warfare the effort to make a revolution Voluntarism is wedded to the exploitation of structural contradiction through the building of a new world to challenge the existing world through formation of a counterstate within the state in order ultimately to destroy and supplant the latter This is a process of far greater moment than implied by the label guerrilla warfare so often applied to what Mao and others were about This volume deals with the continuing importance of Maoist and post Maoist concepts of people s war Drawing on a range of examples that include Peru Colombia Bolivia the Caucasus and Afghanistan the collection shows that the study of people s war is not just an historical curiosity but vital to the understanding of contemporary insurgent and terrorist movements The chapters in this book were originally published as a special issue of Small Wars Insurgencies

The Woodward speller for grammar schools E. D.

Luckey,1899 *Political Science Abstracts* ,1997 *The Guardian Index* ,2002 *The Amnesty International Report*
Amnesty International,2008 **Congressional Record** United States. Congress,1980 The Congressional Record is the
official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session
The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and
Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the
Congressional Globe 1833 1873 *Editorials on File* ,1997 **Information Services on Latin America** ,2001 Clippings of
Latin American political social and economic news from various English language newspapers including the Christian
Science Monitor Financial Times of London Journal of Commerce Los Angeles Times Miami Herald Manchester Guardian Le
Monde New York Times Wall Street Journal and Washington Post The Times Index ,2008 Indexes the Times and its
supplements Daily Report United States. Foreign Broadcast Information Service,1996 *Terrorism and Local Law
Enforcement* Philip M. McVey,1997 This volume explains the role of local law enforcement personnel and agencies in
addressing terrorism with emphasis on the need for local police agencies to consider it essential and not just important to
use traditional law enforcement methods in dealing with this phenomenon in all but the most extreme cases The text states
that law enforcement can handle situations with less social damage and can preserve the peace that they are sworn to uphold
if they change the current philosophy and reduce the need to enter into the paramilitary mode of operations when dealing
with terrorist incidents Individual chapters outline the problem as it relates to local law enforcement and affects the public
explain terrorism and compares it with related phenomena summarize the history and recent evolution of domestic and
international terrorism and discuss potential future developments Additional chapters explain how police agencies can
address contemporary guerrilla operations in their local jurisdiction through risk assessment risk management and proactive
and reactive policies and procedures

Unveiling the Magic of Words: A Review of "**Guerrilla Hostage**"
