**Hannah at Thirty-five, Or, How to Survive Divorce** Anabel Donald, 1984 British Book News, 1984 Fractured Families Tanya Evans, 2015-04-01 Most convicts arriving in New South Wales didn't expect to make their fortunes. Some went on to great success but countless convicts and free migrants struggled with limited prospects, discrimination, and misfortune. Many desperate people turned to The Benevolent Society, Australia's first charity, founded in 1813 for assistance and sustenance. In this rich and revealing book, Tanya Evans collaborates with family historians to present the everyday lives of these people. We see many families who have fallen on hard times because of drink, unwanted pregnancy, violence, unemployment, or plain bad luck, seeking help and often shunted from asylums or institutions. In the careful tracing of families, we see the way in which disadvantage can be passed down from one generation to the next. The extensive archives of The Benevolent Society allow us to reclaim these unknown lives and understand our history better, not to mention the often random nature of betterment and progress.

*Sex and the Gender Revolution, Volume 1* Randolph Trumbach, 1998-12 A revolution in gender relations occurred in London around 1700, resulting in a sexual system that endured in many aspects until the sexual revolution of the 1960s. For the first time in European history, there emerged three genders: men, women, and a third gender of adult effeminate sodomites or homosexuals. This third gender had radical consequences for the sexual lives of most men and women, since it promoted an opposing ideal of exclusive heterosexuality. In *Sex and the Gender Revolution*, Randolph Trumbach reconstructs the worlds of eighteenth-century prostitution, illegitimacy, sexual violence, and adultery. In those worlds, the majority of men became heterosexuals by avoiding sodomy and sodomite behavior. As men defined themselves more and more as heterosexuals, women generally experienced the new male heterosexuality as its victims. But women, as prostitutes, seduced servants, remarrying widows, and adulterous wives, also pursued passion. The seamy sexual underworld of extramarital behavior was central, not only to the sexual lives of men and women but to the very existence of marriage, the family, domesticity, and romantic love. London emerges as not only a geographical site but as an actor in its own right, mapping out domains where patriarchy, heterosexuality, domesticity, and female resistance take vivid form in our imaginations and senses. As comprehensive and authoritative as it is eloquent and provocative, this book will become an indispensable study for social and cultural historians and delightful reading for anyone interested in taking a close look at sex and gender in eighteenth-century London.
