## Embarrasing Death:

**Death's Collector** Bill McCurry, 2019-02-17 A wizard compelled to kill A slaughter he vowed to prevent A murderer who pissed off the wrong guy Bib the sorcerer hates how much he loves his job Cursed by the God of Death to collect lives he focuses their thirst on snuffing out only lowlife losers and contemptible ass clowns But when innocents under his protection are brutally murdered Bib flips the switch on the ultimate revenge spree Bent on obliterating the bum responsible Bib is more than a little miffed when he discovers the shocking truth about his own degenerate nature But knowing the type of killer he is inside the reluctant hero won't be stopped until he mows down every evil dude in his path Can Bib fight his way to redemption before he loses his soul to bloodlust *Death's Collector* is the first book in the darkly humorous *The Death Cursed Wizard* fantasy series If you like snarky heroes top notch magic systems and epic sword and sorcery then you'll love Bill McCurry's addictive tale Buy *Death's Collector* to flirt with darkness today *Rumpole and His Rivals* Peter Robson, 2025-02-15 *Rumpole and His Rivals* examines comic legal literature from 1924 to the present and its representation of law lawyers and the surprising role in which these books continue to inform the public of the nature and problems of legal issues Friedrich Dürrenmatt Friedrich Dürrenmatt, 2006 Publisher description **Amitabh Bachchan** Susmita Dasgupta, 2018-03-10 The book is a set of philosophical essays on Amitabh Bachchan a star like no other in Bollywood Packed into the persona of Amitabh Bachchan is a star a person an expression of his writers directors cinematographers music directors choreographers and most importantly the viewer There are spaces where Amitabh Bachchan as a person spreads over to his screen persona and creates his stardom with many episodes and experiences from his life lived in flesh and blood The book discusses Amitabh against images and appeals of other popular stars like Raj Kapoor Dev Anand Dilip Kumar and Rajesh Khanna and even Shah Rukh Khan The book also discusses many of his films which were a remake of popular films of earlier days as well as many of Amitabh's films which were remade later with the present day stars The book finds that the star is an individual the self image of the viewer and essential in a modernizing society in which the individual is rooted in the institution of family and marriage and must operate within the structures of his class caste religion and even the city in which he lives In his desire to take charge of his life overcome the barriers that stand in the way of a fuller realization of his essence as an individual Cinema can be classified around the star and the principles of classification pertain to the existential questions of the star in his embeddedness into the world and also a desire to transcend those attachments into a purer state of being **The Poetics of Commemoration** Erin Michelle Goeres, 2015-11-19 *The Poetics of Commemoration* is a study of commemorative skaldic verse from the Viking Age It investigates how skaldic poets responded to the deaths of kings and the ways in which poetic commemoration functioned within the social and political communities of the early medieval court Beginning with the early genealogical poem *Ynglingatal* the book explores how the commemoration of a king's ancestors could be used to consolidate his political position and to provide a shared history for the community It then examines the

presentation of dead kings in the poems *Eir ksm l* and *H konarm l* showing how poets could re cast their kings as characters of myth and legend in the afterlife This is followed by an analysis of verse in which poets use their commemoration of one king to reinforce their relationship with his successor it is shown that poetry could both help and hinder the integration of the poet into the retinue of a new king Focusing then on the memorial poems composed for Kings *l fr Tryggvason* and *l fr Haraldsson* as well as for the Jarls of the Orkney Islands the book considers the tension between public and private expressions of grief It explores the strategies used by poets to negotiate the tumultuous period that followed the death of a king and to work through their own emotional responses to that loss The book demonstrates that skaldic poets engaged with the deaths of rulers in a wide variety of ways and that poetic commemoration was a particularly effective means not only of constructing a collective memory of the dead man but also of consolidating the new social identity of the community he left behind
