

STUDY GUIDE ANSWER KEY

MODERN BIOLOGY

A detailed illustration of two owls perched on a branch. The owl in the foreground is shown in profile, looking towards the right. It has dark, mottled feathers on its head and back, with a lighter, buff-colored breast. Its most striking feature is a pair of bright, glowing red eyes. The owl behind it is partially obscured, showing its wings and back. The background is dark, making the owl's feathers and eyes stand out. The overall style is realistic and detailed, typical of a textbook cover illustration.
