Fundamentalisms Comprehended:

Fundamentalisms Comprehended American Academy of Arts and Sciences, 1995-10-15 In this fifth volume the distinguished contributors return to and test the project's beginning premise that fundamentalisms in all faiths share certain family resemblances Several of the essays reconsider the project's original definition of fundamentalism as a reactive absolutist and comprehensive mode of anti secular religious activism

Fundamentalism, Sectarianism, and Revolution S. N. Eisenstadt, 1999 Fundamentalism Sectarianism and Revolution is a major comparative analysis of fundamentalist movements in cultural and political context with an emphasis on the contemporary scene Leading sociologist S N Eisenstadt examines the meaning of the global rise of fundamentalism as one very forceful contemporary response to tensions in modernity and the dynamics of civilization He compares modern fundamentalist movements with the proto fundamentalist movements which arose in the axial civilizations in pre modern times he shows how the great revolutions in Europe which arose in connection with these movements shaped the political and cultural programmes of modernity and he contrasts post Second World War Moslem Jewish and Protestant fundamentalist movements with communal national movements notably in Asia The central theme of the book is the distinctively Jacobin features of fundamentalist movements and their ambivalent attitude to tradition above all their attempts to essentialize tradition in an ideologically totalistic way Eisenstadt has won the Amalfi book prize

Islamic Fundamentalism in South Asia R. K. P. Multani,2007 Aim of this book is to provide to our readers unbiased and scientific material on this extremely

important and complex subject Effort is made to collect essays on various aspects of this highly debatable problem and place it for perusal of the readers in proper historical perspective This will enable our readers to form their own considered opinion on the subject of Islamic fundamentalism in South Asia **Index Islamicus** ,1997 **Fundamentalism and Pluralism in the Church** Dennis T. Gonzalez,2004 Apartheid, Fundamentalism and Humane Global Governance R. S. Saini (Ph. D.),2005 Islamic Ideology and Fundamentalism in Pakistan Warren Fredrick Larson,1998 Much has been previously written on the causes and dynamics of Christian conversion and many recent studies have addressed the issue of global Islamic fundamentalism Islamic Ideology and Fundamentalism in Pakistan A Climate for Conversion to Christianity finds a correlation between the dynamics of Christian conversion and the issue of global Islamic fundamentalism and suggests that a crisis over ideology and Islamization in Pakistan is paving the way for Christian mission Due to competing theories of statehood and state law inconsistency instability and conflicts in the movement it suggests that the Islamic impulse has exacerbated ethnic strife and religious sectarianism It enables students of missiology to understand the Muslim mentality and the problems of minorities who have lived under the shariah Islamic law The author employs an integrated methodology of theological and behavioral sociological disciplines to provide a framework for Muslim Christian understanding and develops a theory that utilizes missiological insights but emphasizes that Scripture always remains the final court of appeal in conversion studies Although this research does not support a claim that large numbers are turning to Christ in Pakistan it does find evidence that Islamization now has an increased receptivity to the Christian mission **SAIS Review** ,2004

Journal of Institutional and Theoretical Economics ,1997 *Dividing Or Strengthening?* Harry Ernest Winter,2003

Journal of Women's History ,1998 **Global Pentecostalism** David Westerlund,2009-03-30 Pentecostalism is a movement within Christianity placing special emphasis on a believer s personal encounter with God through the Holy Spirit It is arguably the world s fastest growing form of religion While exact figures are uncertain there may now be as many as 500 million Pentecostals Closely related to other forms of born again Christianity Evangelical and Charismatic Pentecostalism has been described as a religion made to travel From the outset it has been a strong missionary movement and has been oriented towards recruitment and expansion Research into this important form of Christianity has become more popular of late but the movement s remarkably fast spread is still not well understood In particular its constant worldwide encounters with other religions and beliefs as well as with different forms of Christianity have seldom been explored at length This rich and varied book remedies that neglect Although its adherents supposedly preach a universal message in practice Pentecostalism s global spread has resulted in increasing diversification The volume investigates the consequences of that spread and of the accommodations Pentecostal missionaries have to make when faced by pluralism and the challenges posed by ecumenism Ranging across every major continent the contributors to the volume make a significant contribution towards a fuller and more complete understanding of this remarkable world faith Pentecostalism is topical fast expanding newsworthy and exotic

This is the definitive collection by international experts on the movement. It is the first book to address Pentecostalism's fascinating relationship with other faiths and beliefs. **The Fundamentals of Extremism** Kimberley Blaker, 2003. The politics, educational policies, and social values perpetuated by Christian fundamentalists are exposed in this critical perspective on the religious right's role in American society. Statistics and studies of the movement are offered that provide insight into the causes and characteristics of fundamentalism and its effects on minority groups including women, children, African Americans, gays, and lesbians. Essays from a variety of authors consider the path to theocracy, the effect of the theology of inerrancy on politics, and the state of fundamentalism in the United States after the September 11, 2001 terrorist attacks.
