

Fit for the Future: The 10 Year Health Plan for England

The case for change

NHS is at an existential brink: In critical condition, public satisfaction has fallen from 70% (2010) to 21%; productivity down 20-25% post-COVID

Financial unsustainability: NHS consumes 38% of government spending, projected to reach 50%. Risks becoming a poor service for poor people

Demographic challenges: Aging population; 25% of population have long-term conditions, accounting for 65% of NHS spending

However, there is transformational opportunity: unparalleled population health data, single-payer efficiency, and digital healthcare revolution driving genomics leadership and new era of patient choice

Three major shifts

From Hospital to Community

- Neighbourhood health service** to bring care into the places people live. Will restore GP access and introduce 2 new neighbourhood provider contracts ('single' and 'multi' neighbourhood serving 50,000 and 250,000+ people)
- Infrastructure:** Neighbourhood Health Centres open 12hrs/day, 6 days/week, 'one stop shop' for patient care, co-locating NHS, council and voluntary services. £120m for ~85 mental health emergency departments co-located with A&Es.
- Patient empowerment:** 95% of complex patients to have care plans by 2027; 1 million personal health budgets by 2030
- Financial reallocation:** 15% lower non-elective, 10% lower ambulance observed in systems spending more on community services and £100 spent on community care can unlock £131 of acute savings (citing **CF/NHS Confed** research)
- Digital transformation:** 2/3 of outpatient appointments (costing £14bn a year) to be replaced by digital advice

From Analogue to Digital: Power in Patients' Hands

- NHS App** as 'front door': shifting power to patient via AI-powered advice, appointment booking, self-referral, medicines management, care plans. Supplemented by HealthStore: a marketplace for approved digital health apps for patients
- Single Patient Record:** Patients to control their data, accessible via NHS App by 2028, starting with maternity. Supplemented by advances in genomic data for personalised and predictive care
- Staff liberation:** Ambient voice technology reduces paperwork by 51%; procurement framework 2026/27. New AI tools being tested on the Federated Data Platform, which connects information across healthcare settings and links siloed sources, increasing productivity

From Treatment to Prevention

- Tobacco:** Create smoke-free generation (£6.6bn savings by 2100)
- Alcohol:** mandatory requirement for health warning labels for alcohol; increasing 'alcohol free' threshold to 0.5% ABV
- Obesity:** Expand Healthy Start scheme, free school meals (Sep 2026), increase soft drinks levy. Collaborations with industry to test weight loss service delivery models, like GLP-1. Digital NHS points scheme, rewarding people taking healthy actions
- Mental health:** national coverage of mental health support teams in schools and colleges by 2029/30
- Genomics Population Health Service:** for predictive and personalised medicine. Universal access (via SPR and NHS app) by decade end; 150,000 adult sequencing study; babies and all cancer patients to be offered genomic analysis
- Vaccinations and screenings for disease elimination:** increasing uptake via Neighbourhood Health Service. Cervical cancer eliminated 2040; end HIV transmissions by 2030; 10,000 cancer vaccines to clinical trial patients in next 5 years

Underpinned by 5 key enabling reforms

New Operating Model

- Merge NHSE with DHSC, central headcount halved by 2027.
- Reintroduce earned autonomy; every NHS provider to be a Foundation Trust by 2035. Some to be Integrated Health Organisations (from 2027) holding population health budgets
- Integrated Care Boards to be strategic commissioners; close Commissioning Support Units. ICBs to aim to be co-terminous with strategic authorities

New transparency of care

- League tables of providers and patient-reported experience measures to be published, to make data easier to understand and more accessible (NHS App) to providers and patients. Maternity care to be a priority
- National Quality Board to be revitalised, and be single authority on quality, supported by Dr. Penny Dash's report.
- AI led warning system building on Federated Data Platform, to identify services at high risk, based on clinical data

Workforce transformation

- Fewer staff than previous projections but better equipped (AI training for all), releasing £13bn through technology-enabled productivity
- Advanced practice roles for nurses/AHPs; reduce international recruitment to <10% by 2035
- Ultra-flexible employment contracts; eliminate agency staffing by parliament end; prioritise staff wellbeing to save £12b cost of poor wellbeing among NHS staff

Innovation & technology

- Five 'big bets': Data, AI, Genomics and predictive analysis, Wearables, Robotics
- Global Institutes for each bet (NIHR funded) to drive global leadership: Regional Health Innovation Zones to bring together ICBs, providers, and industry.
- Clinical trial set-up: 250+150 days by March 2026; participant volunteering via NHS App
- Pro-innovation regulation: MHRA and NICE joint process (Apr 2026) to improve speed of medicines access
- £600m Health Data Research Service

Finance & productivity

- 2% annual productivity gains; return to pre-pandemic levels by parliament end
- Phase out deficit funding from 2026/27
- Introduce multi-year budgets and require 3%+ of budget for service transformation
- Patient Power Payments: patient satisfaction to influence provider payments
- New capital models including private finance and pension fund partnerships

Timeline of key commitments

Future Health Organisations Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Future Health Organisations PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Future Health Organisations PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who

make these resources available. In conclusion, the availability of Future Health Organisations free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Future Health Organisations Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Future Health Organisations is one of the best book in our library for free trial. We provide copy of Future Health Organisations in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Future Health Organisations. Where to download Future Health Organisations online for free? Are you looking for Future Health Organisations PDF? This is definitely going to save you time and cash in something you should think about.
