 From the clothes we wear to the cars we drive we design our lives every minute of every day Doing this consciously lets us create the life we desire Successful brands know what they want and they know how to get it They design the future they want and create the process to reach it At the heart of this process lies the logo Without it we would not recognise the brand and we could not display our allegiance to it The logo identifies and calls us to the brand dream Our ancient ancestors used the same elements of colours and symbols to draw their visions on cave walls and early languages were considered sacred This time proven tool has been honed by modern designers and is available to us all A logo effectively holds the imprint of a business and conveniently straddles the world of our imagination and of our solid world of manifestation Like visual ambassadors logos deliver our dreams to the world so they might become reality This book shows you how *Thinking Beyond Technology* J. DiVanna,2002-11-15 The book examines the value proposition of technology and its relationship with business innovation social preferences and its role as a mechanism of labour savings or revenue generation In the same style as his first book Redefining Financial Services the author combines empirical knowledge with a historical approach revealing the explicit nature of technological advancement while analysing the implicit impact on the process of business The book presents the reader with a question does society shape technology or is technology shaping society *New Roles and Relevance* David Lewis,Tina Wallace,2000 Examines the new roles and challenges NGOs confront as they grow beyond service delivery and advocacy Argues for engagement and more effective learning strategies at both global and local levels Written by a dynamic combination of key researchers and practitioners New Roles and Relevance examines the large range of critical challenges facing development NGOs as they struggle to maintain their integrity and independence while simultaneously assuming an expanding role in the fight against global poverty This authoritative book calls for an overall improvement in theory and practice by challenging NGOs to search for greater relevance improved accountability and better performance in the globalized world *Seminar* ,2001 Propaganda of the Deed 2008 Neville Bolt,David Betz,Jaz Azari,2008 Long Range Planning Society for Long Range Planning,2000 *Ethical Trade Futures* Simon Zadek,2000
Brands in the Balance Kevin Drawbaugh,2001 This text explores the issue of the anti brand backlash and takes a close look at the future of the global brand and what e commerce companies must do to make sure their brand names stand out and make a lasting impression *Technologie, Entreprise Et Société* ,2001 **American Book Publishing Record** ,2000
