Schachter,1997-05-01 **The Invisible Project Manager** Peter Taylor,2025-12-29 What if the best project manager didn't exist In this provocative and future facing manifesto Peter Taylor the original Lazy Project Manager asks the uncomfortable questions about the impact on his profession from the inexorable rise of artificial intelligence Traditional project management has created a substantial legacy but what if project managers aren't evolving but evaporating What if success no longer needs a command and control human hero at the helm Thanks to the power of AI the next generation of project delivery won't be managed it will be orchestrated seamlessly silently invisibly It just might be the end of project management as we know it and the beginning of something radically smarter but humans will still be very much involved and this book explains how It defines the Invisible Project Manager future where AI systems manage workflows timelines and resources while the human in the loop will be a vastly different skillset moving from the managers of activities to guardians of outcome Accelerated change to the project management profession is arriving soon and at speed This book is an essential and thought provoking guide to evolution for forward looking leaders digital transformation strategists and change agents who are planning for the long game Are you ready to disappear Dentistry at a Glance Elizabeth Kay,2016-02-11 A fully illustrated concise and accessible introduction to the study of dentistry Central title in the At a Glance series for dentistry students Covers the entire undergraduate clinical dentistry curriculum Topics presented as clear double page spreads in the recognizable At a Glance style Contributions from leading figures across the field of dentistry Companion website with self assessment MCQs and further reading **French Fun** Steve Timmins,1995-11-06 If you grapple daily with spoken Qu bec French are thinking of visiting or doing business in la belle province or would like to communicate more effectively with your Qu b cois friends and colleagues French Fun is the book for you With lively illustrations and hilarious literal translations it introduces you to the French language of Qu bec through a collection of some of the most common and colourful idioms heard in Qu bec today These are words from the real spoken French of Qu bec some standard some informal others with a fascinating linguistic or cultural story behind them The perfect complement to all French programs French Fun is a must for anyone wishing to have a more intimate acquaintance with the French language of Qu bec and the people who speak it Ce livre constitue un recueil des mots et expressions les plus courants et colorés de la langue qubécoise de tous les jours En le publiant l'auteur veut partager cette richesse linguistique avec les anglophones de partout Bien que s'adressant principalement aux anglophones cette oeuvre peut aussi être intéressante et utile pour les francophones **Good Leader/Bad Leader** Martyn Richard Jones,2025-08-08 In the real world and the one we make up to keep the real one at bay there is Good And there is Bad Or as my old RE teacher called them conceptual scaffolding And you think oh great here we go But let's not be cynical Not yet Because Good and Bad while annoyingly slippery still matter They're the language we use to navigate the moral minefield between should I help that stranger pick up their shopping and should I comment on this article without reading it Now in theory this should be easy Good helps people Bad hurts people But in practice as in

supermarkets and geopolitics it gets complicated Because people are lazy with words We use bad when we mean undesirable and good when we mean that thing I want because it feels nice It s the moral equivalent of calling all pasta spaghetti It s wrong But not capital W wrong Just weeknight wrong Take graffiti Some call it vandalism Others call it street art Some of it s Banksy Some of it is just rude words badly spelled Is it good Is it bad Depends who you ask But here s the thing Desirable and good aren t synonyms They re like housemates who tolerate each other but never quite get along Desire is wanting Goodness is giving One is a strong feeling The other is a choice Usually the inconvenient one I used to think that if something felt right it probably was right That lasted until I tried online dating and over drafted my sense of moral clarity Some people say Good and Bad are subjective influenced by culture upbringing whether or not you ve had your coffee yet But that word subjective is a bit of a theological get out of jail free card isn t it A weasel word if you ask me It lets us off the hook just when we should be grabbing it Because sometimes Bad is just Bad Lying hurting hoarding shaming these aren t neutral acts They re not just unhelpful content They re wrong Not aesthetically wrong Morally wrong Capital W Goodness then is action Not just intent It s not a scented candle or a personal brand It s feeding someone forgiving someone speaking up shutting up
