Fanatic's Guide to Ear Training and Sight Singing Bruce E. Arnold, 2007 Just as an artist must know every color in order to create a beautiful painting a musician must know and hear all the notes of the musical palette in order to create good music This ear training method has been developed to teach the student how to hear the way musical sounds are organized within a key With proper application the student will be able to recognize notes without depending on an instrument identify which notes other musicians are playing instantly know what key a chord progression is in sing or transcribe the notes in a given melody This method differs in that it develops the ability to identify and name all twelve pitches within a key center A student gains the ability to identify sound based on it s relationship to a key and not the relationship of one note to another P 4 of cover and p 77
