```

Main operation mode:

```
-A, --catenate, --concatenate  append tar files to an archive
-c, --create                    create a new archive
-d, --diff, --compare          find differences between archive and file system
--delete                       delete from the archive (not on mag tapes!)
