God And The Gangs:

God and the Gangs Robert Beckford, 2004 Violent crime including gang warfare and the use of firearms affects many urban communities with a growing number of alarming incidents reported in the media Churches often struggle to find appropriate ways to respond to these crises and the pastoral needs that arise from them Robert Beckford lecturer in Black Theology at the University of Birmingham attempts to provide some much needed theological tools for an understanding of the rise of disaffection among black urban youth Offering a clear analysis of the cultural and political factors at work he argues for an approach based on reflection and action to seek life transforming responses Accessibly written *God and the Gangs* is essential reading for those seeking to resource themselves for urban work or ministry Includes a foreword by the Archbishop John Sentamu

God's Gangs Edward Flores, 2014 Winner 2014 Distinguished Contribution to Research Award presented by the Latina o Sociology Section of the American Sociological Association Los Angeles is the epicenter of the American gang problem Rituals and customs from Los Angeles eastside gangs including hand signals graffiti and clothing styles have spread to small towns and big cities alike Many see the problem with gangs as related to urban marginality for a Latino immigrant population struggling with poverty and social integration gangs offer a close knit community Yet as Edward Orozco Flores argues in *God s Gangs* gang members can be successfully redirected out of gangs through efforts that change the context in which they find themselves as well as their notions of what it means to be a man Flores here illuminates how Latino men recover from gang life through involvement in urban faith based organizations Drawing on participant observation and interviews with Homeboy Industries a Jesuit founded non profit that is one of the largest gang intervention programs in the country and with Victory Outreach a Pentecostal ministry with over 600 chapters Flores demonstrates that organizations such as these facilitate recovery from gang life by enabling gang members to reinvent themselves as family men and as members of their community The book offers a window into the process of redefining masculinity As Flores convincingly shows gang members are not trapped in a cycle of poverty and marginality With the help of urban ministries such men construct a reformed barrio masculinity to distance themselves from gang life
