Edith Thomas A Passion For Resistance:

Edith Thomas Dorothy Kaufmann, 2018-07-05 Edith Thomas 1909-1970 a remarkable French woman of letters was deeply involved in the traumatic upheavals of her time most crucially the resistance to Nazi occupation and the collaborationist Vichy regime but also the Spanish Civil War and the Algerian War During the occupation she played an essential role in the struggle to counteract Nazi and P tainist propaganda She was the only woman in the Paris network of Resistance writers they held their clandestine meetings in her left bank apartment Dorothy Kaufmann s powerful and moving book is based in large part on previously unavailable material that Edith Thomas a historian novelist and journalist chose not to publish during her lifetime A particularly fascinating chapter in Thomas s life was her intimate relationship with Dominique Aury who wrote *Story of O* as Pauline R age The astonishing documents made available to Kaufmann by Aury include Thomas s eight notebooks of diaries which she kept from 1931 to 1963 her fictional diary of a collaborator written during the first year of the occupation and her political memoir to which she gave the disturbing title *Le T moin compromis* *The Compromised Witness* Edith Thomas *A Passion for Resistance* sheds light on the historical dimensions of Thomas s life and work and on the autobiographical complexity of her writing which everywhere illustrates her personal courage Kaufmann follows Edith Thomas s itinerary as it intersects with that of well known contemporaries in particular Simone de Beauvoir Jean Paul Sartre Albert Camus Louis Aragon Jean Paulhan and of course Dominique Aury

Forgotten Engagements Angela Kershaw, 2007 Study of the contribution made by women writers to politically committed literature in 1930s France to bring to light the work of female authors of left wing fiction such as Madeleine Pelletier Simone T ry Edith Thomas Henriette Valet and Louise Weiss It shows how women were able to relate to fiction and to politics in inter war France situating the novels within their social historical literary and political environment

Politics and the Individual in France 1930-1950 Jessica

Wardhaugh, 2017-07-05 The crises and conflicts of mid century Europe highlight the fragility of individual life and commitment Yet this was a time at which individuals engaged in politics on an unprecedented scale whether in movements parties and street politics through culture or by the choices confronted in war and occupation Focusing on France and bringing together historians of politics literature philosophy art and film this volume sheds new light on the imagination and experience of the political individual in the age of the masses From a controversial art exhibition on Algeria to the private diary of a Jewish lawyer in Occupied Paris these case studies illuminate the specificities of French ideas and experiences in mid century Europe They also contribute to a deeper understanding of memory agency and responsibility in times of crisis

New Perspectives on Sartre Adrian Mirvish, Adrian Van den Hoven, 2010 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of

topics by leading scholars in the fields of philosophy literature psychology history and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre s last work Hope Now is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre s relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre TM s thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre TM s relation to women and here the issues of maternity as problematic plus authentic adult relationships are discussed Finally in addition to authors in philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre s work Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit
