**Mastering Theories of Educational Leadership and Management** Donnie Adams, 2018-10-08 The field of Educational Leadership and Management originated and grew to maturity in the Western societies of the USA UK and Australia However since the mid 1990s scholars in east Asia have asserted the need to ground leadership theories and practices in the local contexts in which school leaders practice Mastering Theories of Educational Leadership and Management is one of the first volumes published which seeks to do this The edited chapters illustrate and elaborate how

perspectives on key concepts and theories of educational leadership are being interpreted and enacted in East Asian societies By doing so the book makes a valuable contribution which will hopefully reduce the gap between theories as explained by Western scholars and practices as enacted in East Asian societies Professor Dr Philip Hallinger **Leadership and Strategic Management in Education** Tony Bush, Marianne Coleman, 2000-05-31 This is one of very few texts to give recognition to the difficulties in large institutions and to give practical advice about the degree to which collegiality can be built into strategic planning The authors provide an overview of all aspects of leadership within education giving ample references within each section for more detailed study Mentoring and Tutoring The book would constitute a good starting point for anyone wishing to understand contemporary developments in educational management Educational Research Leadership and strategic management are both issues of central importance in raising achievement in schools and colleges and thus are at the heart of the educational debate today This book is concerned with such major issues as the nature of strategic management in education the importance of vision and mission styles of leadership models of educational management and the purposes of strategic management which here are equated with the effectiveness and improvement of the institution It will be invaluable for students of educational management such as those following masters degrees It is also directly relevant to teachers and lecturers and schools of all phases and in further education colleges particularly those who have or aspire to management responsibilities The textbook is designed to be used either to accompany a taught course or for self study via distance learning thus practical and reflective activities are included *Educational Leadership and Organizational Management* Victor C.X. Wang, Bernice Bain, John Hope, Catherine A. Hansman, 2016-10-01 This book is intended for students leaders and managers who wish to explore the personal relevance and conceptual bases of educational leadership and organizational management and to develop their expertise in this field It is a book written for both scholars and practitioners The general public will also appreciate the accessible language in the book There are two goals in the experiential learning process One is to learn the specifics of a particular subject matter in this case educational leadership and organizational management The other is to learn about one's own strengths and weaknesses as a learner This book is focused on the analysis of prevalent theories and concepts and their application to the development of leadership and management skills and the knowledge and attitudes required to solve real world problems in the workplace For decades students have focused their studies of educational leadership and organizational management theories in classroom settings without actual opportunities to apply these theories in the workplace A profound and significant lesson learned in history is that we must follow the principle of integrating theory with practice unity of theory with practice Then we can follow the policy of walking on two legs an analogy made by the late Chinese chairman Mao Ze Dong Leadership and Management in Education Marianne Coleman, 2005 This edited text provides an international perspective on leadership and management roles and their relationship to improvement within educational institutions The interactions of educational institutions are

examined at local national and global levels with case studies and examples being drawn from many countries in Europe Asia and Africa Two main themes are explored The first is the move to site based management for educational institutions linked to improvement The second investigates the idea of learning for all and explores the ways in which leadership and management can contribute towards the development and enhancement of student learning staff development and institutional growth The authors who are mainly drawn from the Institute of Education University of London make full use of the whole range of international literature relating to educational leadership management and administration providing a textbook for masters level students

*Leadership and Management Development in Education* Tony Bush, 2008-03-17 This is a very good and much needed book Written by a very experienced researcher and teacher in the education leadership world it brings together a wealth of understanding and insights in the field of leadership and management development in education International Journal of Educational Management This book is an excellent survey of practice on a truly international scale which many will find valuable Educational Management Administration and Leadership Few people could be better qualified to write about this topic than Tony Bush The book draws on a wealth of experience and detailed research Typically it is extremely well structured written with great clarity and combines the highest levels of scholarship with an accessible style that will enable it to appeal to a wide audience This is a book that many in the field have been waiting for Professor Mark Brundrett Professor of Educational Research Liverpool John Moores University Liverpool This book is far and away the best international comparative study of leadership development for schools There are countless books highlighting the importance of leadership but none have satisfactorily gone to the heart of the issue especially for developed and developing countries and Tony Bush has done it here It is a sure guide to policymakers practitioners and researchers who want to make a difference Professor Brian J Caldwell Managing Director of Educational Transformations and former Dean of Education at the University of Melbourne Australia Leadership is critical to educational development and specific preparation is vital if leaders are to maximise their effectiveness In this major new text Tony Bush draws on his extensive international experience and research to examine the case for leadership development and assess the different modes of preparation used in Europe including the U K North America Asia Pacific Australia New Zealand and Africa He also examines research on how leadership impacts on school and student outcomes and considers future directions for leadership and management development in education This text is essential reading for students of educational leadership and management as well as for policy makers headteachers and principals

**Fundamental Concepts of Educational Leadership and Management** Taher A. Razik, Austin D. Swanson, 2010 In a time of high educational expectations and professional accountability today's educational leaders need to possess a broad variety of skills that enable them to function comfortably and effectively in changing environments and under highly politicized conditions Under these circumstances change is the only constant The mission of this book is to foster understanding of this reality among those preparing for administrative and managerial

careers in pre collegiate educational institutions and to help them develop skills necessary for working competently within those institutions This text is eclectic in approach not ideological and emphasizes an action research perspective that compels readers to consider critically the theoretical underpinnings of current educational practice and motivates them to seek practical alternative approaches to solving both common and unique problems This book addresses general principles underlying the knowledge base of leadership and management as specifically applied to educational institutions It stirs learners thoughts through the review of scholarship in a wide range of areas encouraging them to critically consider the theoretical underpinnings of administrative practice

*The Managerial Imperative and the Practice of Leadership in Schools* Larry Cuban,1988-01-01 With this significant new work Larry Cuban provides a unique and insightful perspective on the bridging of the long standing and well known gap between teachers and administrators Drawing on the literature of the field as well as personal experience Cuban recognizes the enduring structural relationship within school organizations inherited by teachers principals and superintendents and calls for a renewal of their sense of common purpose regarding the role of schooling in a democratic society Cuban analyzes the dominant images moral and technical roles instructional managerial and political and contexts classroom school and district within which teachers principals and superintendents have worked over the last century He concludes that when these powerful images and roles are wedded to the structural conditions in which schooling occurs managerial behavior results thus narrowing the potential for more thoughtful effective and appropriate leadership Cuban then turns to consider this situation with respect to the contemporary movement for school reform identifying significant concerns both for policymakers and practitioners This honest thought provoking book by a leading scholar writer and practitioner in the field represents an invaluable resource an insightful introduction for those just entering the field and a fresh new perspective for those long familiar with its complexities Cuban s ethnographic approach to the development of his own career and viewpoint as well as his highly readable style make this a work of lasting value
