Administration Midwest Administration Center (Chicago, Ill.), 1920 **Educational Administration** Robert

Palestini, 2005-08-17 Educational Administration Leading with Mind and Heart 2nd edition takes an organization development approach to producing effective leadership Picture yourself standing in the middle of a dense forest Suppose you were asked to describe the characteristics of the forest what types of trees are growing in the forest how many acres of trees are there where are the trees thriving where are they not Faced with this proposition most people would not know where to start and would not be able to see the forest for the trees Newly appointed school administrators often have these same feelings of confusion when faced with the prospect of having to assume a leadership role in a complex organization like a school or school system Where does one start An effective way to start would be to systematically examine the components that make up an organization Such a system of organizational diagnosis and prescription will lead to a comprehensive and integrated analysis of the organization's strengths and weaknesses and point the way toward possible improvement This book suggests such a sequential and systematic approach Utilizing it effectively can produce dramatic and useful results

Educational Administration M.s.khan, 1980 **The Knowledge Base in Educational Administration** Robert

Donmoyer, Michael Imber, James Joseph Scheurich, 1995-07-01 For scholars and practitioners who are interested in or are concerned about knowledge based issues this book provides a needed antidote to narrow discussions of foundational issues The editors of this book maintain that discussions of a knowledge base in educational administration have typically been limited to a fairly traditional range of scholarly commentary reflective of the status quo within departments of educational

administration over the past several decades Other views such as feminist views race ethnic based orientations those that dispute the very idea of a knowledge base and those that simply expand the traditional range have been given little attention within the knowledge base discourse The purpose of this book is thus to open up this discourse by broadening the range of viewpoints being considered *Educational Administration in a Pluralistic Society* Colleen A. Johnson,1981
