In-Text Citations

The basics

Always use past tense or present perfect tense when you use in text references e.g., "Jordan (2001) found" or "Jordan (2001) has found." Furthermore, APA style follows the author-date method of references of paraphrases in-text: (Jordan, 2001). For direct quotations longer than 40 words, you require to put the whole quotation inside a text block that is indented by 1/2 inch from the left margin. Place the reference in parentheses after the closing punctuation mark.

No author

if there is no author, cite the title in the signal phrase or use the first 2 words in the parenthetical citation. Italics for books and reports, while quotation marks are used for article titles, websites, chapters. ...using research ("Finding Glory", 2022).

One or two authors

Name all authors by their last name. Use the word "and" in the signal phrase and the ampersand "&" in parenthetical citations when using multiple authors. Jordan and Peele (2011) argued that ... (Jordan & Peele, 2011).

Three or more authors

Use the last name of the first author plus "et al." in every citation, unless it creates ambiguity, then add a second author's surname as well. Gustavo, et al. (2011) noticed that... Besides that, (Gustavo, et al, 2011) also found out that... Gustavo, Wang, et al. (2011) noticed that... Besides that, (Gustavo, Wang, et al, 2011) also found out that.

Multiple works in parentheses

When multiple works are used to describe the idea, you need to include all in the parentheses as you would do with a single author's work, but separated by a semi-colon. (Cheng, 2019; Kong, 2011)

Formatting

The basics

Start with white 8.5 x 11 inch paper and use 1 inch margin on all sides. All the text throughout your paper should be **double-spaced**. Use appropriate **legible fonts** (Times New Roman) and **font sizes** (11-12 points). Use a **Page header** on each page that says: "TITLE OF YOUR PAPER" and flush with the left margin. Your title should not contain more than 50 characters, else abbreviate it. Insert the Page numbers to the right.

Title page

Type your "TITLE OF THE PAPER" in the header and include your own name in the upper half of the page. The byline and affiliations are centered on separate lines. For student papers, you must also include the course number and name, supervisor's name and assignment due date.

Abstract

On a new page write the word: "Abstract" and center it. On a new line, you can write an abstract of maximum 250 words that summarizes your report.

Main body

All the body pages should have a header, that includes the page number as well. The margins should be 1 inch all around. Every paragraph should start with an additional indent by 1/2 an inch.

Reference list

At the end of the paper you can add a reference list on a new page. It should contain the words "References" at the top. All the lines after the each entry should be indented 1/2 inch from the margin on the left. Note that author's names are always inverted (surname first, then initials) for all the authors, unless there are more than 20. All the sources should be in alphabetical order.
