In Search Of Ancient Mysteries:

In Search of Ancient Mysteries Alan Landsburg, Sally Landsburg, 1974 The evidence is overwhelming Before human history was written a race of beings traveled to Earth across the voids of space This book is the most explosive inquiry into man's beginnings since Darwin challenged the Bible

In Search of Ancient Mysteries, 1988 Additional evidence to support the theory that man on earth had his genesis somewhere in outer space is offered in this thought provoking film Filmed on locations throughout the world some of the bizarre phenomena depicted include a complex astrological clock built in 50 B C pre Columbian skeletons showing astounding surgical operations and similar looking rock paintings and stone carvings discovered in various parts of the world The viewer is left to decide whether or not outer space beings may have settled here and colonized the Earth

Man-Made UFOs Renato Vesco, David Hatcher Childress, 2007-06 While the government wants you to think that aliens are buzzing military bases this book presents the overwhelming evidence that most nuts and bolts UFOs are made on earth and piloted by earthlings This important book reveals the secret technologies German scientists captured at the end of World War II were working on and takes us right up to today's state of the art flying machines

Pirates and the Lost Templar Fleet David Hatcher Childress, 2003 Here stands the New Man His conception of reality is a dance of electronic images fired into his forebrain a gossamer construction of his masters designed so that he will not under any circumstances perceive the actual This New Man's happiness is delivered to him through a tube or an electronic connection His God lurks behind an electronic curtain when the curtain is pulled away we find the CIA sorcerer the media manipulator Jeff Keith is one of the foremost writers and researchers on political conspiracy in the world today

Invisible Residents Ivan T. Sanderson, 2005 This book is a groundbreaking contribution to the study of the UFO enigma originally published over 30 years ago In this book Sanderson a renowned zoologist with a keen interest in the paranormal puts forward the curious theory that a *oe*OINTS Other Intelligences live under the Earth's oceans This underwater parallel civilization may be twice as old as *Homo sapiens* he proposes and may have developed what we call space flight Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle What better place to have an impenetrable base than deep within the oceans of the planet Yet if UFOs or at least some of them are coming from beneath our oceans or lakes does it necessarily mean that there is another civilization besides our own that is responsible In fact could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet Whatever their source Sanderson offers here an exhaustive study of USOs Unidentified Submarine Objects observed in nearly every part of the world He presents many well documented and exciting case studies of these unusual sightings more

Technology of the Gods David

Hatcher Childress, 2000 *Technology of the Gods* lays out the mind bending evidence that long lost civilizations had attained and even exceeded our modern level of advancement. Westerners have been taught that humankind has progressed along a straight line path from the primitive past to the proficient present but the hard fast evidence literally written in stone proves that the ancients had technologies we cannot even replicate today. [Film & Video Finder](#), 1989 *LOST CITIES & ANCIENT MYSTERIES OF THE SOUTHWEST* David Hatcher Childress, 2011-03-22 Popular Lost Cities author David Hatcher Childress takes to the road again in search of lost cities and ancient mysteries. This time he is off to the American Southwest traversing the region's deserts, mountains, and forests investigating archeological mysteries and the unexplained. Join David as he starts in northern Mexico and searches for the lost mines of the Aztecs. He continues north to west Texas delving into the mysteries of Big Bend including mysterious Phoenician tablets discovered there and the strange lights of Marfa. He continues northward into New Mexico where he stumbles upon a hollow mountain with a billion dollars of gold bars hidden deep inside it. In Arizona he investigates tales of Egyptian catacombs in the Grand Canyon, cruises along the Devil's Highway, and tackles the century old mystery of the Superstition Mountains and the Lost Dutchman mine. In Nevada and California Childress checks out the rumors of mummified giants and weird tunnels in Death Valley plus he searches the Mohave Desert for the mysterious remains of ancient dwellers alongside lakes that supposedly dried up tens of thousands of years ago. It's a full tilt blast down the back roads of the Southwest in search of the weird and wondrous mysteries of the past.
