## **Folklore Of Consensus:**

The Folklore of Consensus Marcia Landy,1998-05-28 Examines the Italian popular cinema s preoccupation with theatricality in the 1930s and early 1940s arguing that theatricality was a form of politics a politics of style **The Folklore of Consensus, 1930-1943** Marcia Landy,1998 **The Witch's Flight** Kara Keeling,2007-11-05 Through an analysis of filmic representations of Black femininity and the Black Femme in particular this book highlights the ways the cinematic structures both racist and sexist portrayals and their potential undoing *Manufacturing Tales* Gary Alan Fine,1992 The mouse in the Coke bottle the promiscuous cheerleader the exploding Pop Rocks candy the Kentucky Fried Rat If the ballad and the fairy tale were the archetypal folklore forms of an earlier age such contemporary legends constitute the preferred narrative genre of the late twentieth century In *Manufacturing Tales* award winning folklorist Gary Alan Fine presents a major new theory of the creation and diffusion of contemporary legends in modern society While ballad and fairy tale arose in folk communities and spread through trade and migration contemporary legends thrive in societies crosscut by varied communication channels and relatively open networks By looking at the social structural background the performance context the personality of the teller and the content of the text we gain insight into the formation dissemination and disappearance of these modern legends Fine identifies sex and money as key themes in contemporary legends reflecting the public s disguised attempts to deal with major contemporary preoccupations From the AIDS crisis to fears of food contamination in restaurants popular anxieties are reflected in folklore As dramatic moving comic and involving texts contemporary legends build relationships among acquaintances and strangers as depictions of the world that we face every day they provide perspective on potential challenges and as shared information they elaborate a consensual understanding of reality **The Protection of Traditional Cultural Expressions in Africa** Enyinna Nwauche,2017-05-26 This book evaluates the protection of traditional cultural expressions in Africa using South Africa Kenya Nigeria and Ghana as case study examples in the light of regional and international approaches in this respect Such protection is considered in the context of a combination of positive protection models such as the protection offered by intellectual property rights and negative protection such as tangible heritage protection and authorisations by national competent authorities These models are in turn assessed taking into consideration human and peoples rights frameworks which recognise and affirm group entitlement to among others traditional cultural expressions These frameworks ensure that such traditional cultural expressions are available for further innovation and creativity *Proceedings of the ... Annual Student Conference on United States Affairs* ,1981 *Future Directions in Distributed Computing* André Schiper,Alex A. Shvartsman,Hakim Weatherspoon,Ben Y. Zhao,2003-07-01 Every year we witness acceleration in the availability deployment and use of distributed applications However building increasingly sophisticated applications for extant and emerging networked systems continues to be challenging for several reasons Abstract models of computation used in distributed systems research

often do not fully capture the limitations and the unpredictable nature of realistic distributed computing platforms Fault tolerance and efficiency of computation are difficult to combine when the computing medium is subject to changes asynchrony and failures Middleware used for constructing distributed software does not provide services most suitable for sophisticated distributed applications Middleware services are specified informally and without precise guarantees of efficiency fault tolerance scalability and compositionality Specification of distributed deployment of software systems is often left out of the development process Finally there persists an organizational and cultural gap between engineering groups developing systems in a commercial enterprise and research groups advancing the scientific state of the art in academic and industrial settings The objectives of this book are 1 to serve as a motivation for defining future research programs in distributed computing 2 to help identify areas where practitioners and engineers on the one hand and scientists and researchers on the other can improve the state of distributed computing through synergistic efforts and 3 to motivate graduate students interested in entering the exciting research field of distributed computing

underscores the importance of music in general but warns of music's ability to affect how society is governed. The state must therefore employ music to serve its ends while at the same time guarding against the lawlessness and subversion music is capable of introducing. Bombs Bursting in Air gathers contributions from historians and musicologists to explore the role of music in the history of the United States. The essayists exhume music that has been forgotten or deliberately buried while drawing comparison with what has been promoted as American music by the academy, the music industry and journalism as well as by the US State Department. **Articles on Folklore** Archer Taylor, 1917 Estudos de literatura oral, 1999
