When Everyone Leads Ed O'Malley, Julia Fabris McBride, 2023-01-31 This book is not about leadership at least in the way we normally think about it Leadership is not about position or authority It's not about big speeches or grand visions Leadership is about engaging others to solve daunting challenges Those challenges appear in our professional lives in our communities and in our families Leadership is an activity small actions taken in moments of opportunity You can learn to see more of these moments and actively seize the opportunities for change More importantly you can help others learn to see these moments and give them the confidence to make changes No matter what role they are in within your organization neighborhood or family their many small actions will combine to produce the power needed to resolve the biggest problems Because when everyone leads the toughest challenges get seen and solved
